

# GNSO Non-Contracted Parties House Intersessional Meeting 2017 Travel Report

## Background

The Intersessional Meeting of the GNSO's Non-Contracted Parties House (NCPH) was created to provide "the opportunity, outside of the pressures and schedule strains of an ICANN Public Meeting to discuss longer-range substantial community issues and to collaborate with Senior ICANN Staff on strategic and operational issues that impact the community." The first "pilot" meeting took place in 2013. Since then, there have been three additional meetings, in January 2015, February 2016 and February 2017.

The documents and detailed information with respect to each of these meetings can be found through the following wiki links.
