NCPH INTERSESSIONAL MEETING PLENARY #3
14 FEBRUARY 2017

AC Chat:

Ozan Sahin: (2/14/2017 14:46) Hello, welcome to NCPH Intersessional Meeting on Tuesday, 14 February 2017.

Ozan Sahin: (14:47) My name is Ozan Sahin and I will be monitoring this chat room. In this role, I am the voice for the remote participants, ensuring that they are heard equally with those who are "in-room" participants.

Ozan Sahin: (14:48) We are now starting Plenary Session 3 in 2 minutes

Bill Drake: (15:04) Deja vu all over again...

Stephanie Perrin: (15:09) We are very interested. Some of us are on so many working groups and PDPS already we literally cannot follow one more thing. But please be assured we are interested, and hope to have time to catch up soon.

Stephanie Perrin: (15:15) Please remind people to identify themselves, first and last name, so that we have a good transcript and those of us limping along on remote can figure out who is speaking/ Not everyone is logged in to adobe.

Ozan Sahin: (15:16) Thanks Stephanie, noted. Mark McFadden is on the mic now

Stephanie Perrin: (15:17) Thanks Ozan.

Ozan Sahin: (15:18) No problem

Ozan Sahin: (15:40) Marc McFadden is speaking now

Ozan Sahin: (15:41) I am sorry, Mark McFadden

Jeff Neuman: (15:43) Agree with Mark and we are reaching out to them, especially the SSAC. So, we are coordinating with the UASG for 4.2, and the SSAC for 4.1, 4.4 and 4.5.

Jeff Neuman: (15:43) 4.3 is one that also deals with financial and business reviews as well

Jeff Neuman: (15:45) In fact, we are going back to the SSAC to revisit SSAC 51 or 52 which says there should be no single character IDNs in the 2012 round. We believe enough time has passed where there may be a shift in thinking

Jeff Neuman: (15:45) (Not sure if these comments are being read, but hopefully it helps)

Ozan Sahin: (15:47) Hi Jeff, your comments have not been read this time but they are archived as part of the chat box. Thanks for participating.

Stephanie Perrin: (15:49) So since NCSG is staying in this room, will the remote participation continue?

Ozan Sahin: (15:49) This session has been adjourned. Please be informed that NCSG will resume their session with Goran Marby by 16:00 UTC whereas CSG will have their breakout session.

Ozan Sahin: (15:49) Please kindly switch to relevant adobe connect rooms, thank you.
