PREAMBLE

The newly-adopted ICANN bylaws created several Work Stream 2 accountability subgroups. One of them, the subgroup on Jurisdiction, is posing the questions below for community input into the subgroup's deliberations.

As directed by ~~Bylaw Article 27, Section 27.1(b)(vi)~~ Bylaw Article 27, Section 27.1(b)(vi) and to the extent set forth in the CCWG-Accountability Final Report,¹ the Jurisdiction subgroup is addressing ~~jurisdiction-related~~ questions related to ICANN's jurisdiction,* including how choice of jurisdiction and applicable laws for dispute settlement impact ICANN's accountability.

To help the subgroup in these endeavors we are asking you to consider and respond to the following specific questions. In this regard, the subgroup is asking for concrete, factual submissions (positive, negative, or neutral) that will help ensure that the subgroup's deliberations are informed, fact-based, and address real issues. The subgroup is interested in all types of jurisdiction-related factual experiences, not just those involving actual disputes/court cases.
