John Laprise:Sound AOK

Jeff Neuman:Thanks

Michael Flemming:I hope we have a good turnout

Michael Flemming:yes I just had curry with chicken

Michael Flemming:a place called coco's curry

Kristina Rosette (Amazon Registry):Dialing in now

Christa Taylor:I'm on Skype with her

Cheryl Langdon-Orr (CLO):another reason to stick to UTC

Christa Taylor:She's in the process of joining

Kristina Rosette (Amazon Registry):Great. Am finishing dinner so on mute temporarily.

Philip Corwin:Happy new year to all

Michael Flemming 2:Yes

Jeff Neuman:yes

Michael Flemming 2:WT2 is also about a month behind at the current time. So we will be picking up the pace as much as possible.

Jeff Neuman:i will go through that in a minute

Rubens Kuhl:WT4 next meeting is scheduled to Jan 19, but actual agenda is contingent on availability of experts (IDN, UA) to join the call; if one or both are we will focus on it, otherwise we will move towards CC2 questions.

Emily Barabas:Next WT4 call: Thursday, 19 January 2017 at 15:00 UTC

Cheryl Langdon-Orr (CLO):thx Emily

Justine Chew:+1 on background and notes before meeting calls

Justine Chew:Will help greatly to facilitate participation via email lists rather than attending calls at odd hours.

Christa Taylor:Good Summary Jeff!

avri doria:and contributing text suggestions and comments to the online drive docs helps too

avri doria:peopel can also suggest edits, thogh they can't finalize them.

avri doria:i.e you can put proposed edits in.

Steve Chan:@Jeff, you had it right the first time :) Initial Report

John Laprise:Could staff please begin including a link to the

wg page on the ICANN website in the calander announcement? It makes for navigation ease.

Steve Chan:@John, are you referring to the Wiki page? If so, could we propose adding it to the agenda emails?

Rubens Kuhl:early

Cheryl Langdon-Orr (CLO):sorry Team I am going to have leave early (now) for an offsite appointment... this is a last minute matter sorry again

Kristina Rosette (Amazon Registry):Suggest the "no changes anticipated to existing policy" bullet be clarified in the doc to avoid confusion by those not on this call

Jeff Neuman:Thx Kristina.....Steve, lets make the policy more explicit in the doc

Jeff Neuman:FYI, I added some things that Avri may read from the drive that did not make it in time for the pdf. Sorry

Steve Chan:@Jeff, noted - was making some suggestions to Google Doc as you were speaking.

Michael Flemming 2:There are mechanisms for preventing abuse of contracttual changes that are preferential to categories like dotBrands.

Jon Nevett:Communities are subject to Spec 12

Karen Day:@Kristina wouldn't they lose thier spec 13 or spec 9 exemption only rather than have their RA cancelled?

Kristina Rosette (Amazon Registry):@Karen, you would think.

Kristina Rosette (Amazon Registry):correct, avri

Karen Day:so, then you could in theory apply under one category and then "slide" to another

Jeff Neuman:@Karen - Yes for the brand TLD, they would not lose the TLD, but rather lose the exemptions.

Jeff Neuman:That would mean having to do a Sunrise, etc.

Karen Day:by "another" I mean simply generic

Kristina Rosette (Amazon Registry):@Karen: Same for Code of Conduct.

Jeff Neuman:@Avri - can you turn up your mic?

Jeff Neuman:17-7 Alabama up. mid 3rd quarter

Sara Bockey:Roll Tide ;-)

Karen Day:Not so fast @Sara - Tigers coming back!

John Laprise:+1 Avri

Jeff Neuman:good catch.....we will reword

Jeff Neuman:17-14 now

Alan Greenberg:In the notes on my comment: ...extend the process to address unexpected issues that arose.

Jeff Neuman:@Avri - Let me know if you need some water and want me to take over :)

Kristina Rosette (Amazon Registry):Thanks, Steve. Very helpful. Didn't want to book my flight only to discover that I was

arriving a day too late

Kristina Rosette (Amazon Registry):Great. thanks.

Christa Taylor:Thank-you!

Karen Day:Goodnight all!

Michael Flemming 2:Thank you!

Robin Gross:Bye all!
