

The following principles of operation or similar ones could be included in the charter or a set needs to be agreed by the WG members.

#### Draft principles

- Rotate meetings from a timing perspective to share the burden as members and participants are located in different time zones.
- No firm decisions are taken during any single meeting without the substance of those decisions having been discussed and open for review / consideration by those that may not have been present during the meeting
- Members and participants are expected to be familiar with the pre-existing documents and documents developed during the course of the work of the WG, in particular with with:
  - DRD WG Final Report
  - RFC 1591
  - Framework of Interpretation RFC 1591
  - Charter of the WG
  - Issue Report
  - ccNSO Guidelines WGs
  - Etc.
