Waudu: (06:33) could i request staff to call me as I cannot hear anything, hardly.  
+254722395900.

Brenda Brewer: (06:33) Yes, Waudu

Megan Richards: (06:33) apologies - see the reference to the Bylaws now

Brian Aitchison: (06:33) Waudo, looks like your most recent comments are in the google doc

Carlton Samuels: (06:34) @Eleeza: So can we confirm that all 66 metrics/indicators adopted have or will be collected?

Waudo: (06:34) yes, that's the one I was editing

Eleeza Agopian: (06:35) No. There were several that we asked the RT to consider and discuss, but no conclusions were reached.

Eleeza Agopian: (06:35) those that metrics that are being collected are available here:

Eleeza Agopian: (06:36) As Lauren noted, the RT did not use much of this data in its papers.

Carlton Samuels: (06:36) @Eleeza: Following yp on Megan, I do recall holes, even as we tried to collect as many as we needed

Megan Richards: (06:37) How about: The review team aimed to base all its analysis on facts and evidence available and to ensure that its recommendations could be implemented in the time periods suggested. (not at all perfect but perhaps something like that ?)

Jordyn A Buchanan: (06:37) Ugh.

Jordyn A Buchanan: (06:38) Okay, I can dial back in too.

Jordyn A Buchanan: (06:38) But.

Jordyn A Buchanan: (06:38) I agree there haven't been any changes, so I'm not 100% sure of what we'd discuss.

Eleeza Agopian: (06:38) I think Megan's language works.

Megan Richards: (06:42) fine for me - the recommendations etc are missing which I have been hoping Dejan will be able to add :-)

Eleeza Agopian: (06:42) Perhaps Dejan can speak to recommendations he'd like to include.

Brenda Brewer: (06:44) circle with slash means he is away from AC

Pamela Smith: (06:45) Dejan appears to have returned. Dejan, do you need a dial-out?

Dejan Djukic: (06:46) i am here now
