## Expertise

*Please assess and explain how your knowledge, experience and expertise address the criteria listed below. Leave the box blank if not applicable to you.*

- Performance assessment and audits
- Good governance and board performance
- Performance measurement
- Process improvement
- Knowledge of recognized frameworks for organizational excellence
- Principles of accountability applicable to organizations broadly similar to ICANN

I have been associated with GAC Secretariat for a few years where I had the opportunity of understanding the different issues and aspirations of stakeholders involved in the Principles of Accountability.

I am an active member of the IGF India activities as well as on ISOC Delhi Chapter and also a Moderator of IGF Online Training portal of ISOC.

I have also been providing inputs on various topics related to Stability and Security of the Internet to different agencies of the Govt. of India from time to time.

## Skills

*Please assess and explain how your knowledge, experience & personality meet the desired attributes listed below. Leave the box blank if not applicable to you.*

- Commitment and time to participate
- Understanding of the Multistakeholder community
- Team spirit, adaptability, consensus-seeking attitude
- Willingness to learn
- Readiness to contribute
- Capacity to reason objectively, putting aside personal opinions or preconceptions
- Analytical skills

Since I am already involved in different Technical and Policy activities of the Future Internet Technologies, this activity would be an extension of the same.

My involvement in ICANN meetings and at different multi-stakeholder forum gives me a good understanding and appreciation of the lookout and issues from different stakeholders prospects.

Being a trainer, I come across different people of varied background, cultural and linguistic variance and each bringing his or her different prospective to the issue and topics. One needs to be adaptive and open to listen, absorb and imbibe the experience and exposure of team members.

## Motivation for Serving on Review Team

*Please provide your interest in serving on the Review Team and what you will bring to the team if selected.*

The Stability and sustenance and development of the Internet is something that is of utter most importance to mankind. The Internet is a vehicle for uplifting the socio-economic condition of not so privileged, to educate the deprived and to reach where intellectua do not intend to go.

With the above in background, the Principle of accountability is one of the most crucial and important aspect in this multi-stakeholder technology where service providers of different applications, Network providers and other stakeholders on one side and the most important user community on the other side need to balance both commercial and social aspects.

My knowledge of the Policy, practices and technologies used in the Internet across different geographical regions will help me present and appreciate the views of all stakeholders in neutral and non-invasive way and I maybe able to contribute to the growth of the Internet for social benefit of mankind.
