REQUEST DESCRIPTION

1. Activity: Please describe your proposed activity in detail

The GNSO Council would like to request support for organizing a 3 day face-to-face planning session to take place in January 2018. This would allow the GNSO Council to conduct a focused and dedicated strategic planning session in order to develop a work plan for the year ahead and beyond factoring in the existing workload as well as the new responsibilities following the transition and as part of the Empowered Community. Although the GNSO Council meets face-to-face at ICANN meetings, there is never sufficient time to focus on long term strategic planning. The GNSO Council Development Session that is organized immediately following the ICANN AGM is specifically designed on introducing and integrating new GNSO Council members and as such not suitable to conduct this type of discussion.

2. Type of Activity: e.g. Outreach - Education/training - Travel support - Research/Study - Meetings - Other

Full travel support (i.e., airfare, hotel), meeting support (meeting room, AV facilities, catering) as was as facilitation for 1-5 days for the GNSO Council (21 members + GNSO Liaison to the GAC) and support staff.

3. Proposed Timeline/Schedule: e.g. one time activity, recurring activity

Trial as a pilot with the intention that this become a recurring activity.
