

## FY18 COMMUNITY REQUEST FORM

All questions and completed forms should be sent to [controller@icann.org](mailto:controller@icann.org). Please remember that the deadline for FY18 Budget consideration is 30 January 2017.

### REQUEST INFORMATION

Title of Proposed Activity		
IGF Workshop on cybersecurity and DNS		
Community Requestor Name	Chair	
NCSG	Tapani Tarvainen	
ICANN Staff Community Liaison		
Maryam Bakoshi		

### REQUEST DESCRIPTION

1. Activity: Please describe your proposed activity in detail

A workshop in Internet Governance Forum on cybersecurity and DNS.

The workshop will look at cybersecurity specifically in relation to DNS, including management interfaces, owner authentication processes, RDS/whois and related problems like domain hijacking, privacy endangerment, spam etc, not from purely technical perspective but also in how they should affect ICANN policy. The idea is that even non-technical people developing policy should acquire an understanding on how and what kind of security issues they should consider when making policy decisions.

2. Type of Activity: e.g. Outreach - Education/training - Travel support - Research/Study - Meetings - Other

Education, meeting, travel support.

3. Proposed Timeline/Schedule: e.g. one time activity, recurring activity

One-time activity during IGF in Geneva in December 2017.

### REQUEST OBJECTIVES

1. Strategic Alignment. Which area of ICANN's Strategic Plan does this request support?

# FY18 COMMUNITY REQUEST FORM

Support a healthy, stable and resilient unique identifier ecosystem.
2. Demographics. What audience(s), in which geographies, does your request target?
All ICANN regional groups (NCSG has members in more than 100 countries).
3. Deliverables. What are the desired outcomes of your proposed activity?
Raised awareness about cybersecurity issues related to DNS and their policy implications; increased engagement in security work; report feeding into ICANN processes as well as other cybersecurity discussions.
4. Metrics. What measurements will you use to determine whether your activity achieves its desired outcomes?
Attendance, both onsite and online; increased participation on related working groups in ICANN and elsewhere; outcome document (report) that's useful as input to other fora like IGF Cybersecurity Best Practices forum.
