REQUEST DESCRIPTION

1. Activity: Please describe your proposed activity in detail

A workshop organized by EURALO on the "The Public Interest". EURALO has been at the forefront of the discussions on the Public Interest in ALAC but also in ICANN, through its working group on the Public Interest and its involvement in the ICANN-wide public interest discussions.

This workshop at the Internet Governance Forum, Chaired by Wolf Ludwig, would explore the Public Interest in ICANN's remit and compare it with other Multistakeholder systems and the Public Interest in wider Internet Governance. Representatives from the various stakeholder groups composing the Multistakeholder ecosystem will be invited to explain their perspective. The discussion of the Public Interest in ICANN's remit would act as a starting point for a wider debate that touches on the broader Internet Ecosystem.

Although this RALO request is submitted separate from the At-Large, it is understood that should both be funded, they are complementary and will need to be synchronized.
