

# ALAC-GAC meeting

Tuesday, 14 March, 17:00-18:00

# ALAC-GAC Agenda

- 1) Geo Names in future gTLD rounds
- 2) Community Applications in future gTLD rounds
- 3) GAC draft survey on underserved regions
- 4) At Large review
- 5) WS 2 topics of mutual interest

# 1) Geo names in new gTLD rounds

- GAC WG draft on best practices in future rounds
- Names of “geographic significance”
- New principles
- Repository of terms of “geographic significance”

# 3) Community applications

Concepts for the next gTLD applications rounds

# Recommendations:

- Consider community applications first
- Consider the geo-names TLD model
- Have applications in staggered batches
- Beauty parade for all applications
- Have a different community track

3) GAC survey on underserved regions

- *Proposed by Maureen*

4) At Large review - *a chance to answer questions from the GAC*

5) WS 2 topics of mutual interest
