

# What Are The Empowered Community Powers?

The Empowered Community has nine powers to ensure the Internet Corporation for Assigned Names and Numbers (ICANN) Board and organization are accountable:

# How Does The Empowered Community Use Their Powers?

The Empowered Community has a process to raise concerns with an action or inaction made by the ICANN Board or organization. This escalation process gives ICANN's Supporting Organizations (SOs) and Advisory Committees (ACs) opportunities to discuss solutions with the ICANN Board.

## What is the Empowered Community?

The Empowered Community is the mechanism through which ICANN's SOs and ACs can organize under California law to legally enforce community powers. The community powers and rules that govern the Empowered Community are defined in the **ICANN Articles of Incorporation** and **Bylaws**.

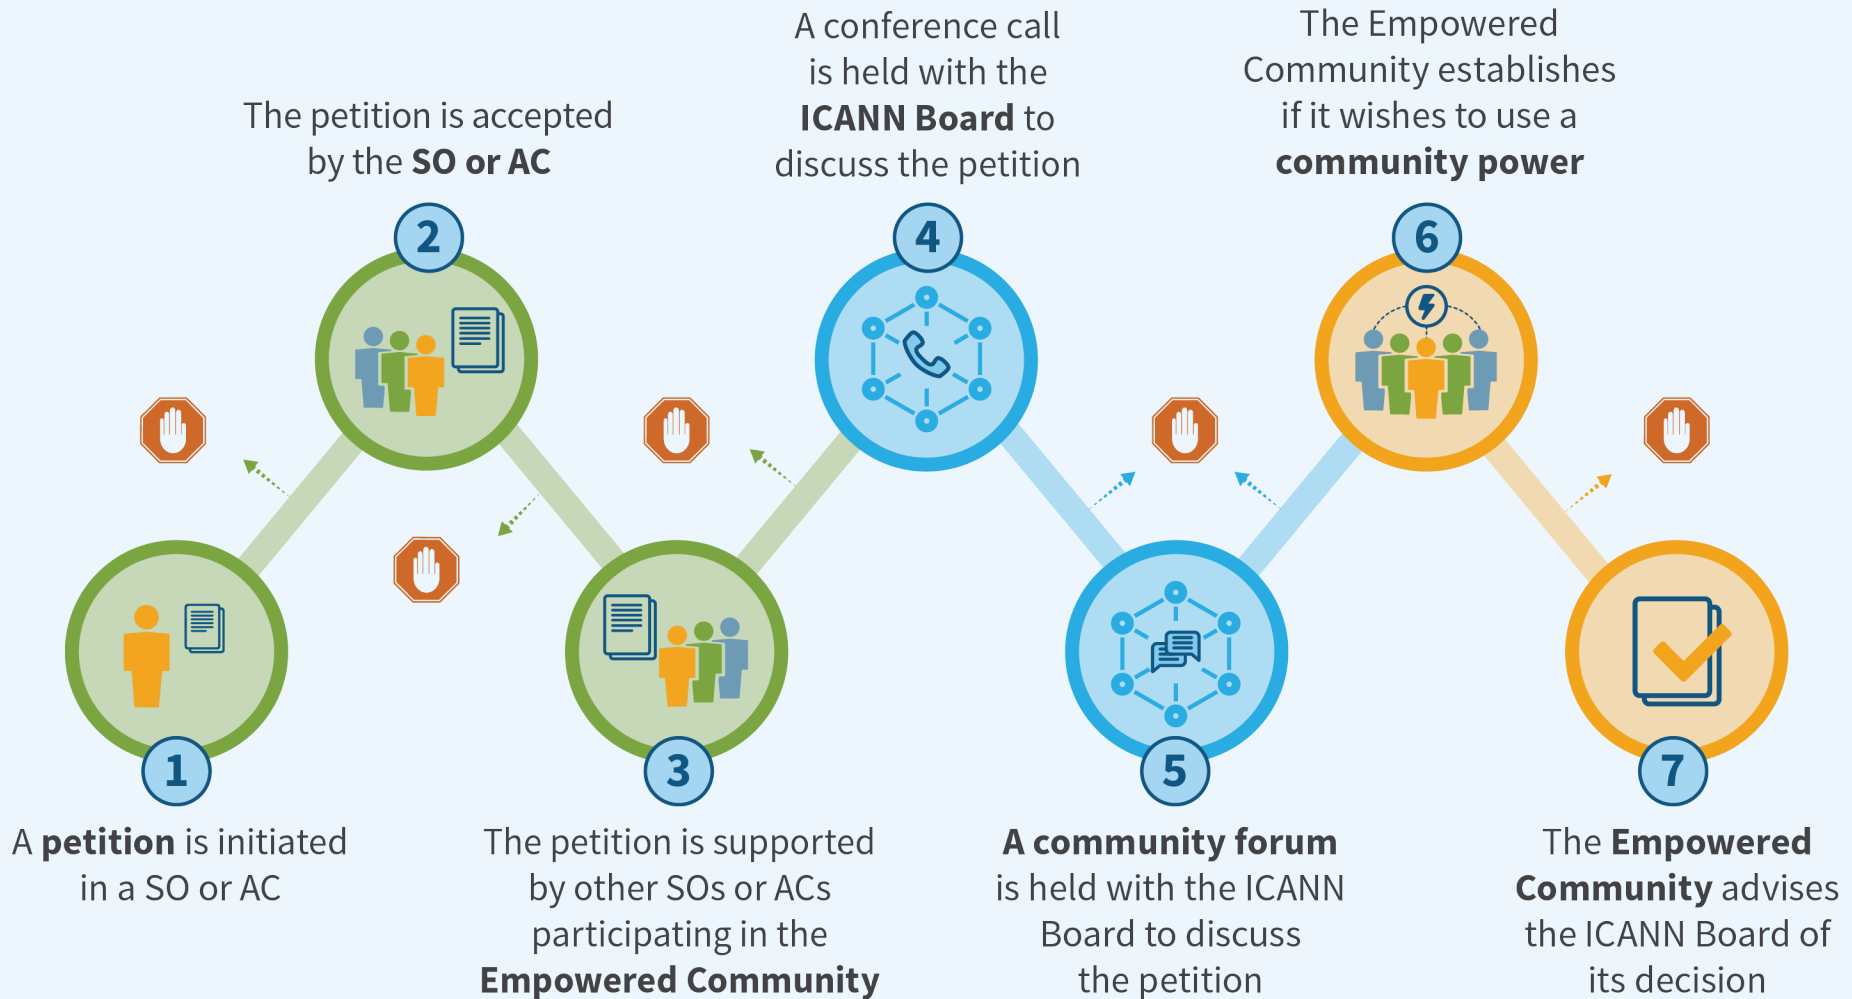

---

## Who can participate in the Empowered Community?

All of ICANN's SOs, as well as the At-Large and Governmental ACs, can participate in the Empowered Community including: the Generic Names Supporting Organization, the Country Code Names Supporting Organization, the Address Supporting Organization, the Governmental Advisory Committee and the At-Large Advisory Committee.

# Seven Core Steps in the Escalation Process

 Escalation of a concern can be stopped at any point if a threshold is not met or if a solution is found.

# Upcoming Opportunities to Exercise EC Rights

1

## Fundamental Bylaw Amendment

- ICANN Board passed a resolution on 3 February 2017 to form a Board Accountability Mechanisms Committee
- This resolution requires an amendment to the Fundamental Bylaw
- Amendments to Fundamental Bylaw requires approval by the EC

2

## ICANN/IANA Budgets Veto

- ICANN Board is expected to approve the ICANN/IANA budgets in June 2017
- This approval will trigger a notice to the EC
- EC will decide whether to exercise right to veto the Board's approval of the ICANN/IANA budgets
