Eleeza Agopian: (06: 13) All, just FYI: Stacey from Analysis Group is on the line, if you have questions for her.

Stan Besen: (06: 13) Actually 14.2 percent .

Stacey Chan, Analysis Group: (06: 15) I'm happy to take questions. Greg Rafert is unfortunately tied up this morning and apologizes for not being able to join.

Eleeza Agopian: (06: 15) Thanks, Stacey.

Waudo: (06: 24) i dont thonk we can tell impact on renewals at the moment

Waudo: (06: 25) there couls also be a link between renewals and renewal price. Thus the recommandaion for comprehensive parking study

Jonathan Zuck: (06: 28) we might need clarity on what the inclusion would look like. I DON'T think we're going to replace all our numbers but instead in this single section, show what the impact would be if we didn't include them

Calvin Browne: (06: 30) Apologies for coming in late - a meetin ran on

Jonathan Zuck: (06: 31) and the recommendation in Stan's new section is, in fact, more study
