Recently Launched Courses

The image displays three screenshots of the ICANN Learn website, showcasing recently launched courses. Each screenshot includes the ICANN | LEARN logo and a navigation menu with links for Admin, Languages, My Courses, All Courses, Teach, Visit ICANN, News, and Preview as. The first screenshot is for the 'At-Large Capacity Building Webinars' course, featuring a purple header, the ICANN logo, and a sub-header 'Archive of Capacity Building Webinars'. It includes a 'Watch Promo' button and an 'Enroll in Course for FREE' button. The second screenshot is for 'La Gouvernance de l'Internet', with a blue background and network graphics. It features a 'Regarder la vidéo publicitaire' button and an 'Inscrivez-vous à un cours pour Gratuit' button. The third screenshot is for 'Intro to the NextGen Experience', with a cityscape background at sunset. It includes an 'Enroll in Course for FREE' button.

- At-Large Capacity Building webinars course
 - Launched in English
 - Will launch in French and Spanish July 2017
- Histoire et évolution de la gouvernance de l'Internet
 - Seven-part lecture series by Prof Aziz Hilali
 - Quizzes developed by NextGen alumni
- NextGen prep course for ICANN59

Coming Soon

Launching soon:

- ⦿ At Large Capacity Building webinars courses with French and Spanish interpretation
- ⦿ LAC webinars and Governance Primer content from Fellow Alumni
- ⦿ Revamped Registrar training
- ⦿ Revamped Asia Pacific Internet Governance Program course for 2017
- ⦿ Expanded Newcomer toolkit course
- ⦿ Community Onboarding tutorials

What else are we doing?

- ⦿ Automating Certificates of Completion
- ⦿ Developing tutorials on how to create ICANN Learn courses
- ⦿ Enhancing course offerings across the non-English platforms
- ⦿ Close collaboration with NextGen and Fellows to encourage course development and assess learning needs within the community
