# Draft Final Report – Public Comments

---

## Overview of Public Comments

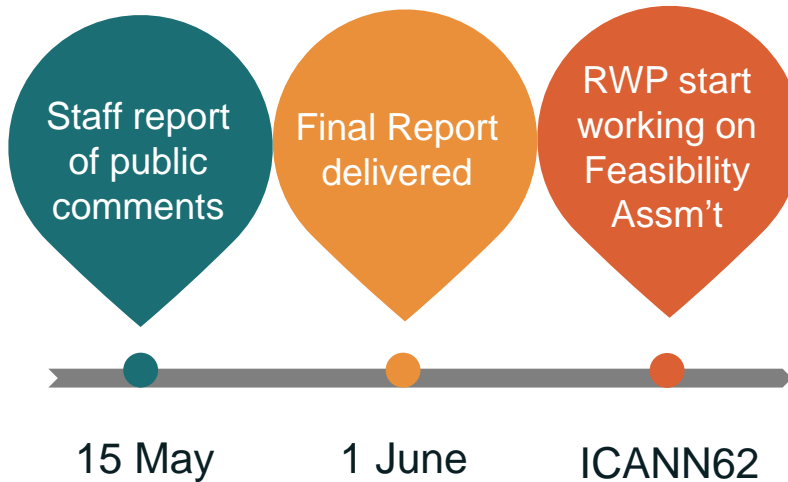

- 10 comments were received – 9 from SO/ACs and SG/Cs, 1 from an individual
- Public comment submissions to the recommendations proposed by Analysis Group broadly fall into four categories:
  - Overall comment/overview statement
  - Statement of agreement/support, or disagreement/opposition to a recommendation
  - Modification suggestions for report recommendations
  - New ideas for improvement of NomCom
- The majority of comments for the majority of recommendations were in support or conditional support.
- Seven comments indicated overall support for the report.
- Those not in support and opposed provided rationale for their positions.

## Questions?

# Analysis Group – Reaction + Q&A

---

# Next Steps

## Then:

-  +/- 6 months RWP completes Feasibility Assessment and Initial Implementation Plan.
-  +/- 3 months OEC considers the Final Report, Feasibility Assessment and Public Comments. Makes recommendation to the Board re: action on each recommendation.
-  +/- 2 months Board takes action on the recommendations. Implementation planning and work begin.
-  +/- 18 months Implementation team is formed, implementation takes place - supported by ICANN org.

# Any Other Business?

---
