During our 10 October meeting, the RDS PDP WG discussed forming small drafting teams with diverse viewpoints to define each specific purpose identified by the WG thus far. This poll gives all WG members an opportunity to express interest in being assigned to an RDS purpose drafting team.

The PDP leadership team will use expressions of interest received through this poll to create drafting teams designed to engage as many WG members as possible, bring together team members with different perspectives, and keep each team small enough to foster good communication.

This poll will close at COB WEDNESDAY 11 OCTOBER.

As previously announced, by submitting a response to this poll, you are granting permission for your entire response - including WG member name and response timestamp - to be included in published poll results. Please note that expressions of interest to participate in drafting teams and views exchanged during this action item will not be assumed to have the support of any organization with which WG members may be affiliated.

* 1. **Your name (must be RDS PDP WG Member - not WG Observer - to participate in polls)**

If you are a WG Observer and wish to participate in polls, you must upgrade to WG Member to do so.

Please do NOT participate in this poll if you are a WG Observer who has not upgraded to WG Member.

2. **Expression of Interest:**

During the 10 October RDS PDP WG call, all WG members interested in participating in RDS purpose drafting teams were invited to express interest by responding to this poll. Drafting teams are expected to conduct their work during the weeks of 16 and 23 October by phone and/or email, delivering draft results no later than 26 October for discussion at ICANN60.

Are you interested in and available to joining a drafting team to define one or more RDS purposes?

◯ Yes (please complete the rest of this poll)

◯ No

3. **Perspective:**

To ensure that drafting teams remain small but bring together all of the perspectives listed below, each team will be assigned team members who can contribute diverse perspectives. Note that drafting team members are not expected to officially represent the views of an SG/C or AC/SO stated in their SOI -- as such, we are interested in learning the various perspective(s) you feel that you personally can bring to the team.

Which of the following perspectives do you most closely associate with? (Check all that apply)

☐ Contracted party perspective

☐ Commercial perspective

☐ Non-commercial perspective

☐ Governmental perspective

☐ Anti-abuse perspective

☐ Internet consumer perspective

☐ Other relevant perspective (please specify)

4. **Purposes:**

To ensure that drafting teams include those WG members with some experience with the purpose(s) assigned to each team, please check off any purpose(s) below with which you have direct experience. (Check all that apply)

Note that the leadership team will do its best to map those with experience to drafting teams, but will also need to strike a balance between size and diversity of views. As such, you may be asked to serve on a drafting team other than the team working on any purpose(s) that you check below.

☐ Technical Issue Resolution

☐ Domain Name Control

☐ Domain Name Certification

☐ Business Domain Name Purchase/Sale

☐ Academic or Public Interest DNS Research

☐ Regulatory or Contractual Enforcement

☐ Criminal Investigation or DNS Abuse Mitigation

☐ Legal Actions

☐ Individual Internet Use

5. **Call times:**

Because drafting teams will need to organize quickly to complete this action item in advance of ICANN60, this question gathers information about possible call times. While your answers will not commit you to attending any specific call, your answers to this question will be used when Doodling to schedule drafting team calls.

Please indicate call times that may often work best for you during the weeks of 16 and 23 October. (Check all that apply)
