Wolf-Ulrich Knoben:Hi all, I'm still waiting for the operator

Julie Hedlund:Hi Wolf-Ulrich, it does appear that there is a holdup with the operators. It took me a while to get in.

Terri Agnew:Lori Schulman has joined on the telephone

Terri Agnew:and also in the Adobe Connect

Lori Schulman:we have too much volunteer fatigue to do anything other than advise diversity

Julie Hedlund:The document is unsynced.

Julie Hedlund:It is in Section 9 of GNSO PDP Manual: PDP Outcomes and Process

Amr Elsadr:Other models have been used for different projects, but not do develop Consensus Policies (not to replace PDP WGs). Examples include Working Parties, such as the precursor to this WG, and Drafting Teams.

Lori Schulman:I do not have an objection.

Amr Elsadr:"guidelines" or "operating procedures" might be more fitting here, perhaps, than "a policy"?

Rafik:I thought admin support is moving from pilot phase?

Rafik:but indeed it is depending if it get budget approved every fiscal year

Sara Bockey:apologies...I forgot to remove the "stepped away" button

Julie Hedlund:Next meeting is 10 August. There is a conflict with the meeting on 24 August -- overlaps with the GNSO Council.

Lori Schulman 2:I am on vacation from August 19 through 28th as an FYI. I will not be doing any ICANN calls.

Rafik:people taking vacations :)?

Lori Schulman 2:Yes, crazy idea...

Lori Schulman 2:sounds good

Lori Schulman 2:ciao

Rafik:+1

Amr Elsadr:Thanks all. Bye.

Rafik:bye all

Sara Bockey:thanks all

Julie Hedlund:Thank you everyone!
