

Michelle DeSmyter:Dear All, Welcome to the New gTLD Subsequent Procedures Sub Team - Track 4 IDNs/Technical & Operations call on Thursday, 17 August at 03:00 UTC.

Michelle DeSmyter:Agenda wiki page:

https://urldefense.proofpoint.com/v2/url?u=https-3A_community.icann.org_x_IgEhB&d=DwIFaQ&c=FmY1u3PJp6wrcrw113mSVzgfkbPSS6sJms7xcl4I5cM&r=8_WhWIPqsLT6TmF1Zmyci866vcPSF04VShFqESGe_5iHWG1BLwwwehFBfjrsjWv9&m=aGYF7qo3dDwmZHcB2Ko7q2TnDJ61URwONVg-e8ubEGg&s=D-VsFbPHIX12oXmM23ueTvIPDeyvXdPLlnxRW1d1b1k&e=

Rubens Kuhl:60% better

Anne Aikman-Scalase (IPC):Michelle it's is Anne on # ending in 6882

Michelle DeSmyter:great - thank you Anne :)

Cheryl Langdon-Orr (CLO):All good now :-)

Steve Chan:@Anne, the order of evaluation is being discussed in WT1

Michelle DeSmyter:Trying to dial Rubens now

Michelle DeSmyter:one moment....

Rubens Kuhl:And curiously AC stopped working while I was talking. :-(

Michelle DeSmyter:Trying to dial Rubens now

Rubens Kuhl:Now able to hear but I tried speaking with no avail.

Julie Hedlund:Can't hear you Rubens.

Anne Aikman-Scalase (IPC):@Staff re notes - Cheryl just noted the addition of "subject to considerations of order of evaluation being addressed in Work Track 1" as fine.

Julie Hedlund:@Anne: Noted in the chat as the notes are not comprehensive. We have the recording for that.

Steve Chan:There are some thoughts from GDD staff in the Program Implementation Review, starting on page 82 here:

https://urldefense.proofpoint.com/v2/url?u=https-3A_www.icann.org_en_system_files_files_program-2Dreview-2D29jan16-2Den.pdf&d=DwIFaQ&c=FmY1u3PJp6wrcrw113mSVzgfkbPSS6sJms7xcl4I5cM&r=8_WhWIPqsLT6TmF1Zmyci866vcPSF04VShFqESGe_5iHWG1BLwwwehFBfjrsjWv9&m=aGYF7qo3dDwmZHcB2Ko7q2TnDJ61URwONVg-e8ubEGg&s=sTzx0WqwuQHTpkLqc028GzdV1HVKJGrnfVRCYSuDPe4&e=

Julie Hedlund:The chat notes are just an aid.

Steve Chan:Regarding the Financial Evaluation and the possible benefit of alternative approaches

Michelle DeSmyter:We have Rubens on audio

Cheryl Langdon-Orr (CLO):Well thata is enough gremlin activity for one day...

Cheryl Langdon-Orr (CLO):NP Anne more gremlins abound

Cheryl Langdon-Orr (CLO):yes 18

Cheryl Langdon-Orr (CLO):it is of course in scope of other WT's though so we could shift it from us

Cheryl Langdon-Orr (CLO)::-) all yours as to why Steve :-)

Cheryl Langdon-Orr (CLO):Yep where it belongs IMO WT2

Cheryl Langdon-Orr (CLO):as I said above (personal opinion of course)

Cheryl Langdon-Orr (CLO):Fob it off YES please :-)

Rubens Kuhl:I don't remember. I should, but I don't.

Steve Chan:You can see in section 4.3.4.4 here about the Q18 integration into the RA:

https://urldefense.proofpoint.com/v2/url?u=https-3A_community.icann.org_download_attachments_58735939_Section-25204.3.4.pdf-3Fversion-3D1-26modificationDate-3D1460741391000-26api-3Dv2&d=DwIFaQ&c=FmY1u3PJp6wrcrw113mSVzgfkbPSS6sJms7xcl4I5cM&r=8_WhWIPqsLT6TmF1Zmyci866vcPSF04VShFqESGe_5iHWGlBLwwehFBfjrsjWv9&m=aGYF7qo3dDwmZHcB2Ko7q2TnDJ61URwONVg-e8ubEGg&s=_GDvYNpiygYbUShxrQe6up8S71Ytjn3tgl6oC-uYLuc&e=

Cheryl Langdon-Orr (CLO):That can be a LT call then Anne WT2 or 2/3 but not ours ;-)

Steve Chan:And Objectiosn are indeed in WT3 :)

Anne Aikman-Scalese (IPC):Thanks Steve. I agree re Work Track 2 being the best fit.

Steve Chan:The feedback from GDD has re: changes to the technical evaluation, as well as the response about the CQs, have been added to the Wiki here:

https://urldefense.proofpoint.com/v2/url?u=https-3A_community.icann.org_x_YT2AAw&d=DwIFaQ&c=FmY1u3PJp6wrcrw113mSVzgfkbPSS6sJms7xcl4I5cM&r=8_WhWIPqsLT6TmF1Zmyci866vcPSF04VShFqESGe_5iHWGlBLwwehFBfjrsjWv9&m=aGYF7qo3dDwmZHcB2Ko7q2TnDJ61URwONVg-e8ubEGg&s=z3IreS8Q1eTWsxaiG2k4yw1gd0J95B8TwgrPnmQh-Kc&e=

Cheryl Langdon-Orr (CLO):Thx Steve and we will need to focus on these in the WT in the near future

Cheryl Langdon-Orr (CLO):slide 7

Cheryl Langdon-Orr (CLO):8

Cheryl Langdon-Orr (CLO):hmmm I have a delay in my AC chat turning up... Sorry

Cheryl Langdon-Orr (CLO):Slide 9

Quoc Pham:is there a typo on point 4? GPML = DPML?

Quoc Pham:I would also want to point out that if point 4 is supposed to be DPML, the DPML is a Dounuts product which is not a universal/generic product or service (e.g. offering IDNs), we should avoid pointing out Registry specific products perhaps?

Rubens Kuhl:DPML is a registry-specific product. GPML is a general term for PMLs.

Quoc Pham:ah ok

Quoc Pham:sorry

Cheryl Langdon-Orr (CLO):Time check 15 mins eft on this call

Cheryl Langdon-Orr (CLO):I tend to agree Anne In my personal capacity but does such innovation *need* to be evaluated at application is the key as Rubens is pointin out now

Anne Aikman-Scalese (IPC):re straw-person on registry services - strongly disagree re limiting services described in application.

Cheryl Langdon-Orr (CLO):Time Check

Anne Aikman-Scalese (IPC):Topic deserves more dsicussion - on list and in next meeting.

Rubens Kuhl:I believe it's more of principle than language.

Anne Aikman-Scalese (IPC):Thank you Cheryl,, Rubens and staff!

Steve Chan:Thursday, 31 August 2017 at 15:00 UTC for 60 minutes

Cheryl Langdon-Orr (CLO):Bye for now
