Kathy Kleiman:Great, tx Terri!

George Kirikos:Hi folks.

Maxim Alzoba (FAITID):Hello All

Terri Agnew:thank you Kathy

Paul Tattersfield:Hi everyone

Cyntia King:Hello beautiful people!

Philip Corwin:hello all

claudio:greetings!

Griffin Barnett:I have an SOI update, which you can view here:

David McAuley:I am now on adobe as well

Phil Marano:I owe an SOI update, and will make it now, then send a link to the list.

J. Scott:i am here

Terri Agnew:if assistance is needed logging into your GNSO SOI - send an email to gnso-secs@icann.org for assistance

Jon Nevett (Donuts):Congrats Griffin and Phil!

Griffin Barnett:Thanks Jon

claudio:Is there value in also meeting with the Sub-Pro WG leadership, since our charters are interrelated?

Maxim Alzoba (FAITID):Do we expect URS reps during the meeting?

Maxim Alzoba (FAITID):3 providers already

Jeff Neuman:I am not sure how many attendees will actually have experiences with the URS (other than perhaps contracted parties implementing it)

Philip Corwin:@Maixim--by URS reps do you mean from the three providers?

Maxim Alzoba (FAITID):@Philip, yes

Jeff Neuman:Are there 3 providers of the URS?

Maxim Alzoba (FAITID):https://urldefense.proofpoint.com/v2/url?u=https-3A__www.icann.org_resources_pages_urs-2D2014-2D01-2D09-2Den&d=DwlCaQ&c=FmY1u3PJp6wrcrwl3mSVzgfkbPSS6sJms7xcl4I5cM&r=DRa2dXAvSFpClgmkXhFzL7ar9Qfqa0Algn-H4xR2EBk&m=6HEA6Qs8bCn1cbzeUAHSGgJn9BLBYGfayjQ3zp1vGso&s=ggjo0vLMQrB79T-XCPb4s2367K1KX20pLcEMBfE8Rc&e=

Maxim Alzoba (FAITID):the first is the most popular

Maxim Alzoba (FAITID):but all three are fully qualified

Philip Corwin:Yes--NAF, ADNDRC, and a provider in Italy name of which escapes me at moment -- but NAF has handled about 90%

claudio:can also consider inviting WIPO (even though they aren't a current provider)

George Kirikos:3rd is MFSD

Mary Wong:@Jeff, at the moment, yes, three (ADNDRC, MFSD, FORUM)

Mary Wong:2 of the 3 URS providers have reps who are members of this Working Group.

claudio:thanks, Kathy!

Jeff Neuman:The first one has 30 cases or so (Asian Dispute Resolution Centre)

Phil Marano:Here is a link to my updated SOI: https://urldefense.proofpoint.com/v2/url?u=https-3A_community.icann.org_display_gnsosoi_Phillip-2BVincent-2BMarano-2BSOI&d=DwlCaQ&c=FmY1u3PJp6wrcrwl3mSVzgfkbPSS6sJms7xcl4I5cM&r=DRa2dXAvSFpClgmkXhFzL7ar9Qfqa0Algn-H4xR2EBk&m=6HEA6Qs8bCn1cbzeUAHSGGJn9BLBYGfayjQ3zp1vGso&s=XRhq0ycVmM_UMGh9jSPadgS2l-V1qJpaCt6plORtco&e=BerryCobb:ADNDRC31ADRForum709MFSD12

Philip Corwin:To clarify, are the times noted in item 1 of the Notes for ICANN 60 meetings local time in Abu Dhabi or UTC?

Paul Tattersfield:Are the GNSO leadership currently generally pushing all working groups to be more timely?

George Kirikos:766 cases there, as of now.

Berry Cobb:@Phil - Local time to AD.

claudio:one URS case had over 400 domains suspended:

Jeff Neuman:Thanks George. Not too user friendly

Philip Corwin:Thx Berry

Maxim Alzoba (FAITID):not many people know that there could be more than 1 domain per URS case

Terri Agnew:next meeting: Review of all Rights Protection Mechanisms (RPMs) Sub Team for Data Friday, 20 October at 16:00 UTC for 60 minute duration.

Jeff Neuman:So 7666 cases right, not names

George Kirikos:@Jeff: if you use UDRPSearch.com, and search for "URS" as the text, it'll capture the URS cases (along with some false positives)

Jeff Neuman:766 not 76666

George Kirikos:Right.

Berry Cobb:The Monday session will provide these types of details similar to how we review the Sunrise data at last week's meeting.

Michael R Graham:SubTeam -- Although I do want actively participate, because of work pressures and the fact I will not be attending the Abu Dhabi meeting, I cannot volunteer to help chair.

Michael R Graham:@Mary: Who are the members of the team again?

Ariel Liang:Members of the Sub Team: https://urldefense.proofpoint.com/v2/url?u=https-3A_community.icann.org_x_fy1EB&d=DwlCaQ&c=FmY1u3PJp6wrcrwl3mSVzgfkbPSS6sJms7xcl415cM&r=DRa2dXAvSFpClgmkXhFzL7ar9Qfqa0Algn-H4xR2EBk&m=6HEA6Qs8bCn1cbzeUAHSGgJn9BLBYGfayjQ3zp1vGso&s=PYgokmd5u70093INT-yo6kkYVt5zN0WjfezflnRYBs&e=

Berry Cobb:Kurt Pritz 2Kiran Malanchandruvil 3 Kristine Dorrain 4 Lori Schulman 5 Michael Graham 6 Rebecca Tushnet7 Susan Payne

George Kirikos:Bye folks (just came for the first part of the call). Have a great day.

Cyntia King:Staff is capable - let's do it.

Jeff Neuman:Technically ICANN staff should not be chairing (even as interim)

Maxim Alzoba (FAITID):flip the coin method?

Terri Agnew:everyone can scroll themselves

Mary Wong:Document is unsync'ed

Jeff Neuman:yep

Maxim Alzoba (FAITID):I see the document

Paul McGrady:Straw Horse was formally adopted by 100% of the community in JoBurg. :)

Mary Wong:Thanks, Paul - I remember now!

Jeff Neuman:SOme still use Straw Bunny

Maxim Alzoba (FAITID):designing the RFP with the particular provider does not look very transparent

Mary Wong:@Maxim, that's not what I was saying, apologies for not being clear.

Mary Wong:I was just saying that if people have suggestions for likely providers, we can make them aware of the RFP.

Susan Payne:Maxim, I don't think the RFP would be defined with the provider - the survey would be

Maxim Alzoba (FAITID):@Mary, I understand that, I hoped for discussion with set of providers and not limit to the only one

Jeff Neuman: am confused....what happened to the original questions we did?

Mary Wong:@Jeff, the Charter questions are in Attachment 1

claudio:I don't think i can see the document for some reason

Mary Wong:@Claudio, try logging out and in again

Jeff Neuman:Not the charter questions, the questions submitted to the Council?

claudio:ok, thxs!

Mary Wong:@Jeff, can you clarify? The document is what was submitted to the Council (including Attachments 1 & 2).

Ariel Liang:@Claudio, you can also access the data request document online directly here:
https://urldefense.proofpoint.com/v2/url?u=https-3A_gnso.icann.org_en_drafts_rpm-2Dsunrise-2Dtrademark-2Dclaims-2D07sep17-2Den.pdf&d=DwlCaQ&c=FmY1u3PJp6wrcrwl3mSVzgfkbPSS6sJms7xcl4I5cM&r=DRa2dXAvSFpClgmKXhfzL7ar9Qfqa0Algn-H4xR2EBk&m=6HEA6Qs8bCn1cbzeUAHSGgJn9BLBYGfayjQ3zp1vGso&s=K251j_PKD0zo679Udc81yCwCXvgjkzGfwZAZvupVIAE&e=

Mary Wong:@Kristine, that is exactly what the Council had in mind, I believe.

claudio:that worked, thanks Mary

Jeff Neuman:So the "Purpose and Scope" comes from the previous attachments?

Mary Wong:@Jeff, if you mean the description of this item on the agenda, then, yes - based on the Council's discussion and directions.

Susan Payne:sounds good

Kiran Malancharuvil:I printed it out too Michael! :)

Mary Wong:@Jeff, I stand corrected - you're probably referring to Attachment 2 headings. Yes, that is right - based on the Charter questions.

Maxim Alzoba (FAITID):Q14 needs to contain recent clarifications from Nielsen, including breakdown of costs

Jeff Neuman:I agree with Michael....this is too difficult with lots of references

Kristine Dorrain - Amazon Registry Services:Good point, Michael, I see now that the questions themselves, in Attachment 1 aren't actually sorted in Attachment 2.

Kristine Dorrain - Amazon Registry Services:I support actually sorting the Questions in Attachment 1 by recipient.

Mary Wong:Thanks, Michael and Kristine - staff can add that third column as requested.

claudio:agree on need to sort

Kristine Dorrain - Amazon Registry Services:Willing to give it a go while we await a chart. We don't need to lose time.

Mary Wong:Keep 'em coming Susan :)

Kristine Dorrain - Amazon Registry Services:+1 to the actual question column

Cyntia King:+ Susan

Mary Wong:What Susan is suggesting is basically what the staff suggestion of a "straw [insert thing of choice]" was - it will really be useful, at the end of this Sub Team exercise, to have a starting set of questions for the professional to work with.

Susan Payne:ah thanks Mary - and apologies, I missed the straw bit!

Susan Payne:isn't that what we'r4e doing Kathy?

Kristine Dorrain - Amazon Registry Services:Yes, that's what we're doing.

Susan Payne:if we don't give guidance to the survey providers what we get back risks being not as relevant as possible and so costing more/being a waste of money

Cyntia King:From experience, professional pollsters request clients to provide lots of solid context. In this way questions generate the most meaningful responses.

Mary Wong:@Cyntia, yes and thanks - that is what we are hoping the Sub Team can provide.

Kristine Dorrain - Amazon Registry Services:yes, some questions are a little squishy.

Maxim Alzoba (FAITID):I think the most important bit is to make the questions to be clear enough so non-members of this group can understand those.

Paul Tattersfield:+1 Maxim

Cyntia King:+1 Maxim

Michael R Graham:@JScott -- Agree totally. Thanks for clarifying what I was trying to say.

Mary Wong:OK, thanks J Scott

Cyntia King:Pollster will want context - they won't need (or even want) us to write out the Qs ourselves.

Maxim Alzoba (FAITID):+1 @J Scott , I think the people who can properly translate those questions to human language are members of our PDP WG

Cyntia King:I must 'duck out'for about 15 mins. Will return afterward.

Maxim Alzoba (FAITID):Q 8 is better to work with Computer Science students & Law students (programming knowledge and knowledge of intellectual property law)

Berry Cobb:and GDD, and Compliance, and existing RPM vendors like IBM/Deloitte where we need a data refresh (not just Berry).. ;-)

Maxim Alzoba (FAITID):going to IBM with request with Q8, part 1 will double the budget

Maxim Alzoba (FAITID):I refer to page 9 of the shared document

claudio:that was helpful mary

Berry Cobb:@Maxim - The arrangement between IBM,Deloitte/ICANN allow for that and thus far we do not foresee additional costs unless there is something extraordinary that the WG seeks.

Steve Levy:Sorry folks, need to jump off. Thanks for letting me sit in.

Berry Cobb:@Maxim, but you are right, in that specific ask could be extraordinary. We need to perform additional due diligence and requirements.

Michael R Graham:@Mary and Subteam -- I agree we focus on 1-6. Staff to create column 3 and Subteam members to review Qs and whether they require clarification for Survey Org and/or draft Column 4 suggested/possible questions tailored to survey target.

Maxim Alzoba (FAITID):@Berry, it is a programming idea, quite outside of the current TMCH design and I am sure that it will be seen as a separate item with "additional development costs", when all you need is a bunch of CS students

Mary Wong:@Michael, yes, Column 4 (when done) will be what the vendor will be given as guidance (along, of course, with consultation, calls etc.)

claudio:@maxim, you may be right, but no harm in asking IBM to confirm , right?

Maxim Alzoba (FAITID):@claudio., the most important thing will be to remember that it is going to be "IBM costs" , and might not be relevant to others :)

Mary Wong:Got it, J Scott

Susan Payne:I'm happy with that approach

Kristine Dorrain - Amazon Registry Services:Yes

Mary Wong:We will have the updated table ready for the Sub Team call this Friday. The task division can then be discussed on the call.

Kristine Dorrain - Amazon Registry Services:Can I get a clarification on the time of the call on Friday? The last email I have says 1400, but Mary mentioned 1600 earlier.

Kristine Dorrain - Amazon Registry Services:I ask because I think I have a conflict at 1600 this week.

Philip Corwin:Just one pre-departure

Berry Cobb:@Kristine - I have 16UTC on Friday

Mary Wong:1600 UTC

Kristine Dorrain - Amazon Registry Services:OK, I clearly missed something.

Kristine Dorrain - Amazon Registry Services:I will see what I can do.

Susan Payne:yes

Kiran Malancharuvil:I'm okay with this way forward

Mary Wong:Will do, J Scott.

Cyntia King:Go Team!

Mary Wong:That's exactly what we were going to do, Michael :)

Mary Wong:Great minds etc. :)

David McAuley:great minds indeed

Maxim Alzoba (FAITID):bye all

Kristine Dorrain - Amazon Registry Services:thanks everyone.

Michael R Graham:@Mary -- Twins from different mothers -- at least in thinking.

Philip Corwin:Excellent work running this call, J Scott

claudio:thanks!

Kristine Dorrain - Amazon Registry Services:thanks for stepping up J Scott!

David McAuley:good bye all

Susan Payne:excellent, thanks J Scott

Ariel Liang:thanks everyone
