

**Adobe Connect - Chat Transcript from CCT Review S&T Subteam  
8 November 2017**

Brenda Brewer: (11/8/2017 08:55) Good day all and welcome to CCT-RT Safeguard & Trust Subteam call # 33 on 8 November 2017 @ 15:00 UTC!

Carlos Gutierrez: (08:55) Good monring!!!!

Jonathan Zuck: (08:59) Morning Carlos

Carlos Gutierrez: (09:01) Hi Zuck!!!! Sfe back home?

David Taylor: (09:02) Hello All

Calvin Browne: (09:03) made it

Carlton SAMUELS: (09:04) Howdy all

Carlos Gutierrez: (09:05) Bigger Quorum?

Carlos Gutierrez: (09:05) Bigger than CARlton and Zuck?

Carlos Gutierrez: (09:05) there is no bigger Quorum than that

Carlton SAMUELS: (09:06) @Carlos We (Jonathan + me) count as 4! :-)

Calvin Browne: (09:11) <- looking for his email

Gao mosweu: (09:13) hello

Jonathan Zuck: (09:13) makes sense

Calvin Browne: (09:14) yeah - no problem

Calvin Browne: (09:14) gotit

David Taylor: (09:17) ok - I remember the discussion

David Taylor: (09:20) Need to cross reference yes

David Taylor: (09:20) Happy to liaise with JZ

David Taylor: (09:21) monoculture

David Taylor: (09:21) love it

Carlton SAMUELS: (09:22) @Jonathan: Re the expected alignment of TLD string with content/semantic web did we not refer in at least 2 Recs?

Carlton SAMUELS: (09:23) @Carlton do we talk of 'monoculture' in this context?

Jonathan Zuck: (09:23) I don't recall actually. I just recall the "incent restricted tlds" recommendation

Jonathan Zuck: (09:23) we have yet to talk in writing of monocoluture becuase it just came up in Abu Dhabi.

Carlton SAMUELS: (09:24) @Jonathan: Yes, the incentive scheme is one such

Carlton SAMUELS: (09:26) @Laureen: Rec 16: Is the idea to identify data elements for capture or to define new ones?

Carlton SAMUELS: (09:27) @Laureen: That was staff

David Taylor: (09:28) 33 is in there earlier also Laureen

David Taylor: (09:29) saying consolidating 33 with 13 and 15. Here saying stay as is

Carlton SAMUELS: (09:33) 4th bullet

David Taylor: (09:34) 33 is in twice at bullet 4 and 8

Carlton SAMUELS: (09:34) Look at the 4th bullet!

David Taylor: (09:34) :-)

Carlton SAMUELS: (09:36) @Laureen: Can I have a clarification on Rec #16 please?

Carlton SAMUELS: (09:36) @Laureen: Can I have a clarification on Rec #16 please?

Carlton SAMUELS: (09:39) @Laureen: Thanks. So going systematic, does that mean we will define data elements for capture?

Carlton SAMUELS: (09:40) @Laureen: Yes, I think we have defined some elements already. So, does this mean additional ones will be defined?

Carlton SAMUELS: (09:41) @Laureen: OK.

Jonathan Zuck: (09:50) we should have a document for them in January by the end of the month

David Taylor: (09:51) We should show our love and give it to the Board on Valentines Day perhaps

David Taylor: (09:52) Is there a final presentation of the final report at San Juan?

Calvin Browne 2: (09:55) haha DT

David Taylor: (09:56) ok thanks Jean Baptiste

David Taylor: (09:58) Bye all

David Taylor: (09:58) thanks Laureen

Carlton SAMUELS: (09:58) Thanks all. Bye all

Calvin Browne 2: (09:58) bye
