George Kirikos:Hi folks.

George Kirikos:(brb)

George Kirikos:My Black Friday delivery just arrived via UPS.
happy camper :-)

Paul Tattersfield:Hello everyone

George Kirikos>Welcome Paul.

Paul Tattersfield:Thanks George, First snow here today and it's still November - just

Michelle DeSmyter>Welcome Jay

Michelle DeSmyter:no

Jay Chapman:Thanks, Michelle

George Kirikos>Welcome Zak!

Zak Muscovitch:Many thanks, Phil. Glad to be here.

Paul Tattersfield>Welcome Zak

Zak Muscovitch:Many thanks, Paul and George

George Kirikos:I submitted extensive comments last night at:

<http://mm.icann.org/pipermail/gnso-igo-ingo-crp/2017-November/000950.html>

George Kirikos:Recommendation #1 is fine for me.....the GNSO Council has basically already accepted it.

George Kirikos:(given we went to them)

Petter Rindforth:So: Consensus level: 100%

George Kirikos:@Petter: Consensus is determined via the mailing list, right? Not in the live room, where only 6 of the 26 members are present.

George Kirikos:Blue = new

George Kirikos:Some text in black might actually need to have been blue, I believe (see my comments in that email).

Mary Wong:@George, yes - there will be a formal consensus call that goes to the mailing list, to ensure all WG members can participate. It is required by the GNSO procedures.

George Kirikos:Yep, I'm ready to jump in on #2.

Jay Chapman:i can move from page to page, and can zoom, but cannot scroll the page - anyone else having this issue?

George Kirikos:Jay: you can read it at:

<http://mm.icann.org/pipermail/gnso-igo-ingo-crp/attachments/20171128/1d32bffe/ExcerptsfromDraftFinalReport->

[Rec124-28Nov2017-0001.pdf](#)

Mary Wong:@Jay, can you try exiting and reentering Adobe?

George Kirikos:I can scroll fine.

Jay Chapman:ok, i'll pull up the link George sent. Thanks,
George

George Kirikos:But, you can read it via that PDP (from the mailing list archives)

George Kirikos:*PDF

Jay Chapman:Got it - thanks

George Kirikos:+1 Petter. It'll likely be 100%, for Rec #1.

George Kirikos:That was my comment #5, via email.

George Kirikos:Right, that was my comment #3.

Paul Tattersfield:Good point George

George Kirikos:I agree with the intent of the language ---- just want to make it clearest.

Jay Chapman:Agree, the opening language w "elect" seems a little closer to standing being a done deal with the IGOs choice, as opposed to "evidence" in support of standing

George Kirikos:Perhaps "attempt to demonstrate". Although, I think we should directly use the terms "evidence" vs "proof" somewhere.

Zak Muscovitch:Could also add; "subjct to (a) through (c), below, an IGO may claim that it has standing to file a complaint...."

George Kirikos:+1 Jay. Plus the word "fulfil" makes it seem like a done deal.

Jay Chapman:Agree with inclusion of "evidence"

Jay Chapman:Yes - agree with that too, George

George Kirikos:This would also be the case on Page 5 of the document.

George Kirikos:That makes sense, Mary.

Petter Rindforth:"...providing evidence, for example, Article 6ter registration..." - something like that, perhaps

George Kirikos:So, that section should be moved.

George Kirikos:The note to the recommendation would likely end up elsewhere.

George Kirikos:Now we jump to page 5?

George Kirikos:To the middle of page 7.

George Kirikos:Bottom of page 5 to middle of 7.

Mary Wong:@George, yes, noted.

Mary Wong:Done.

Mary Wong:We will send the notes and any proposed updated language to the list, and like Phil has just said, nothing is set in stone until the Consensus Call.

George Kirikos:Right, I thought it was just IGOs!

Petter Rindforth:Agree, there is no reson to keep the reference

ti INGOs

George Kirikos:Here's our initial report:

https://urldefense.proofpoint.com/v2/url?u=https-3A_gnso.icann.org_en_issues_igo-2Dingo-2Dcrp-2Daccess-2Dinitial-2D19jan17-2Den.pdf&d=DwICaQ&c=FmY1u3PJP6wrcrw1l3mSVzgfkbPSS6sJms7xc14I5cM&r=8_WhWIPqsLT6TmF1Zmyci866vcPSF04VShFqESGe_5iHWGlBLwwwehFBfjrsjWv9&m=MyeMLmKr8mc6jscr8y40u6P3_IyEYavSd7hpBz4Qiq0&s=iyOECYni4I_9-3JeSQ5vAedX3NFeXvLXrKKhUW2Z1aM&e=

George Kirikos:It was Rec #5 before. And it did say INGOs.

George Kirikos:Never caught that.

George Kirikos:Because there are A LOT of INGOs (e.g. the ECOSOC list), and Red Cross, IOC and others would get the subsidy too.

Paul Tattersfield:Good suggestion Petter

George Kirikos:Also page 7.

George Kirikos:Probably for the RPM PDP.....can we provide guidance to that group from our work?

Mary Wong:@George, yes - for instance, this WG may write to that WG, though obviously whether it's considered and how is up to that WG.

George Kirikos:We could conceivably refer those issues to the larger RPM working group, and defer to them.

George Kirikos:+1 Phil

George Kirikos:Especially since most of us are in both PDPs.

Jay Chapman:agree

Mary Wong:Probably not a new WG as the cost question isn't necessarily a policy question.

George Kirikos:GAC has a budget, perhaps allocate it from their travel subsidies? :-)

Paul Tattersfield:free mediation IGO names gets around the issue

George Kirikos:+1 to the equal subsidization.

George Kirikos:*subsidization, even

George Kirikos:Next steps.

George Kirikos:We have 3 calls in December, I think?

George Kirikos:Although, is Hannukah going to affect any members?

George Kirikos:Hanukkah, even. Dec 12 to 20.

George Kirikos:RPM PDP has one on January 3rd.

Mary Wong:We'll add the dates mentioned to the mailing list for everyone's reference as well.

George Kirikos:Next ICANN meeting is 10-15 March 2018

Petter Rindforth:the time line seems convenient

George Kirikos:The Ides of March?!?!?! :-)

Mary Wong:So basically 3 meetings to complete deliberations,

open Cosensus Call by 21 Dec, close it on 10 Jan 2018, and send Final Report to Council on 20 Jan.

George Kirikos:We don't have to review the professor's report.

George Kirikos:If we missed the INGO stuff in Rec 5 (now Rec 4), could be other things like that.

Zak Muscovitch:Immensely impressed by work you have been doing for so long and the professionalism which you have all exhibited. I am mindful that I am like the late dinner guest who comes just for dessert without brining a gift, but I look forward to further participation with you all.

Jay Chapman:Thanks, all

George Kirikos:Bye folks.

Paul Tattersfield:Thanks all, bye

Mary Wong:Thanks Phil, Petter and everyone!
