Terri Agnew: Welcome to the New gTLD Subsequent Procedures Sub Team – Track 3 – String Contention, Objections & Disputes scheduled on Tuesday, 12 December 2017 at 15:00 UTC for 60 minutes.

Jeff Neuman: Thanks Cheryl!

Michael Flemming: Thank you!

Steve Chan: And we are on page 5 of the document

Jim Prendergast: Does anyone have any idea on when the Review of CPE will be completed? I would think that should inform this work.

Alan Greenberg (ALAC): I asked Manal about the status of the GAC paper on Community applications. She said that the paper had been discussed but not approved - yet. BUT she noted that her recollection is that the paper is mostly factual not opinion.

Jamie Baxter | dotgay: @Jim .. there has still been no further announcement or publishing of the FTI findings since scope 1 & 2 have been delivered to ICANN. Not sure what the delay is or what the planned timing is of this being released. I concur that it is most important for ICANN to get this out for further discussion by this group and others.

Cheryl Langdon-Orr (CLO - PDP Co-Chair): thanks Alan

Jim Prendergast: @jamie - its takign forever. Been well over a year since the board asked for it

Jon Nevett: i agree with Anne -- one person's terrorists is another person's freedom fighter

Jamie Baxter | dotgay:@Jim ... problem noted and we are just as confused and concerned
Cheryl Langdon-Orr (CLO - PDP Co-Chair):well noted Jim, perhaps we can ask staff to follow up on the credit status....

Jon Nevett:.pot could it go to medical marijuana growers in California? Or are they drug dealers?

Jamie Baxter | dotgay:CPE cost is also linked to predictability for applicants

Anne Aikman-Scalese:great example Jon - does it depend on the governing law of the community's jurisdiction? Colorado, CA and others okay

Jon Nevett:Spec 12 requirements are in the contract

Jon Nevett:community applicants are now going through a process to see how to change their Spec 12 requirements if they want to tweak them

Jeff Neuman:@Jon is correct. There is no process yet for changing Spec 12. But there needs to be

Jim Prendergast:Should also note that those community applicants who were not in contention and didnt have to go through CPE are still bound by the promises made in Q20 of application.

Jamie Baxter | dotgay:@Jim .. that is also my understanding

Steve Chan:@Jim, thanks, that's essentially what I was trying to convey in my comment

Michael Flemming:Could you ask your question one more time?

Gg Levine (NABP):Thanks, Jim.

Michael Flemming:I see it now, thanks.

Jon Nevett:how you define the community is another issue -- depends on the string that is applied for -
- does the American Bar Association apply for .ABA as a community or .LAW as a community?

Gg Levine (NABP):@Jon: I would think they could apply for either name as a community

Jon Nevett:Right, but the review might be different as to level of support, etc.

Gg Levine (NABP):True. Law covers a broader spectrum.

Gg Levine (NABP):Depends if they can demonstrate community support.

Donna Austin, Neustar:Wasn't there a nexus requirement between the community and the string?

Gg Levine (NABP):Yes, I believe so.

Jon Nevett:@donna -- there was, but intepreted very differently

Steve Chan:For community objections in the AGB: There is a strong association between the community invoked and the applied-for gTLD string

Jamie Baxter | dotgay:@Alan .. +1

Jon Nevett:Alan +1

Phil Buckingham:Alan + 1

Greg Shatan:Alan +1, +1

Susan Payne:+1 Greg

Donna Austin, Neustar:@Greg, would that include new letters of support for an application that come in after the closing date for applications?

Greg Shatan:@Donna, my gut reaction is yes.

Jim Prendergast:as they say on TV court dramas - the evidence speaks for itself.

Jon Nevett:very unlikely that a panel would kick it out in the beginning as it hurts the panelists financially if they don't get to do the full review. Maybe we have a separate panel do the initial review?

Cheryl Langdon-Orr (CLO - PDP Co-Chair):interesting point Jon

Donna Austin, Neustar:what's the status of ICANN's review of CPE? isn't that looking at inconsistencies?

Gg Levine (NABP):Apologies; I need to drop off for another meeting.

Jim Prendergast:@donna - no one knows - been over a year.

Jim Prendergast:Jamie probably has the best read as he is directly impacted

Donna Austin, Neustar:@Jim, what was the SLA for finishing?

Jamie Baxter | dotgay:it would be great if staff could help in providing an update on the status of the CPE investigation and the FTI findings that ICANN has been holding onto for several weeks now.

Cheryl Langdon-Orr (CLO - PDP Co-Chair):indeed Jamie

Jamie Baxter | dotgay:for the record it has been 1 year and 4 months since the Board directed the CEO to launch the CPE investigation

Susan Payne:ok, thanks Karen

Susan Payne:Yes!

Steve Chan:@Susan, it does exist in a Google doc, though as Karen noted, it will be discussed again in the future: https://urldefense.proofpoint.com/v2/url?u=https-3A_community.icann.org_x_VT2AAw&d=DwIFaQ&c=FmY1u3PJP6wrcrwlI3mSVzgfkbPSS6sJms7xcl4I5cM&r=DRa2dXAvSFpClgmkXhFzL7ar9Qfga0Algn-H4xR2EBk&m=K7KjU-6kM7ges45VSZVIWgd_QzGPv7pnsHY8whmNWiA&s=0jkX64nl4iBwMXRSQnNcxDSxPy9OhIDgPcKflj4b5NQ&e=

Donna Austin, Neustar:Thanks Jamie

Jamie Baxter | dotgay:Have a great holiday all!

Susan Payne:thanks Steve

Greg Shatan:bye all!
