

Outreach & Engagement Subcommittee

In Abu Dhabi, we agreed to repopulate the RALO–appointed O&E SC, verify that the other members still wish to participate and solicit new membership.

In attempting to implement this, several issues arose:

- The leadership structure is rather confusing: 1 Chair plus five Co-Chairs.
- In the past, we could not identify an explicit call for RALO appointments (and the lack of it has caused considerable difficulty).
- It is not clear how the “Co-Chairs” were appointed nor what their role was in relation to RALOs.
- There are significant plans in place with regard to the IGF meeting in Geneva in December. Reforming the SC now could be problematic.

Proposal

- Two members named by RALO, at least one of which is a member of the RALO leadership team (Chair, Secretariat, Vice-Chair)
- Effective date: 01 January 2018.

To be Decided

- Leadership structure (Chair and Vice-Chairs; Co-Chairs; etc.)
- If there are regional Co-Chairs or Vice-Chairs, their relation to the appointed members.
