Carlton: (09:14) Morning everybody

Carlton: (09:20) I am flummoxed to see how contingent liability arrangements would not change because the registry/registrar acted responsibly!

Carlton: (09:21) @Drew; Unfortunately not. IN a meeting

Carlton: (09:22) EXACTLY Lauren!

Carlton: (09:29) @Lauren: That clarification would deal with the objection on shifting liability yes.

Lauren Kapin 2: (09:30) Thx Carlton.

Carlton: (09:32) @Drew: The objection is really overheated. The recommendation never said to take this data from 3rd party AND give it priority. It is to be inclusive . More data points can assist in the triangulation nthat would enable clarity
