Calvin Browne: (08:58) hi all - I finally get to start my year.

Calvin Browne 2: (09:02) Hi JZ

Carlton Samuels: (09:04) G'morning all

Waudu Siganga: (09:04) Hi JB. I can only see one of the recommendations in the Rxccl sheet youve sent. How does one navigate to the others?

Calvin Browne 2: (09:04) Hey Carlton

Carlton Samuels: (09:04) Hello Calvin, Happy New Year!

Calvin Browne 2: (09:04) U2!

Gao: (09:06) hello everyone

Calvin Browne 2: (09:07) Hi Gao - happy new year ...

Gao: (09:08) Happy new year Calvin! Hope you've been good/

Jean-Baptiste Deroulez: (09:08) @Waudu, via the tabs at the bottom of the document

Calvin Browne 2: (09:09) +1

Jordyn A Buchanan: (09:11) Seems good to me.

Calvin Browne 2: (09:11) no objection

Jordyn A Buchanan: (09:24) These comments are a pretty good summary of why nothing ever happens within ICANN. :-)

Carlton Samuels: (09:27) @Jordyn: True. But the fellas who consistently say obligations already exist and remains to be enforced get my vote. For as long as I have looked at this abuse matter I think this IS the case. Even with resellers, agency rules in law and equity allows oversight!

Carlton Samuels: (09:37) @Jean-Baptiste and Staff: Excellent pastiche of the comments!!

Carlton Samuels: (09:38) @Waudu: I beleive that is what Jonathan recommended

Carlton Samuels: (09:39) My own view is save and except Rec D, we simply adopt the language suggested as emends from supporters and neutrals and let it go.

Carlton Samuels: (09:40) Rec D will require a little more depth on account of the IDs of the naysayers; the RsRy crowd

Carlton Samuels: (09:43) @Jean-Baptiste: Might I suggest that where "Concerns" are listed the originator is also identified in your summary?

Carlton Samuels: (09:45) @Jean-Baptiste: Yes, thanks. I see the count of the various categories. What I'm focusing on is the text in comments.

Carlton Samuels: (09:48) Thank you all. Thanks staff for excellent staff work here. See you all

Calvin Browne 2: (09:48) ciao
