Kristine Dorrain - Amazon Registry Services:Ahhh, I see. The link posted was the PDF. The google doc Says Jan 19 redline at the top, but the date is still Nov 27

Kristine Dorrain - Amazon Registry Services:My headset is weird today. Can I do a quick sound check?

Susan Payne:the PDF pre-dates last weeks' call though

Susan Payne:did you speak Kristine, didn't hear you

Kristine Dorrain - Amazon Registry Services:I did earlier. Have you heard me at all so far?

J. Scott:@Kristine. I heard you earlier speaking about the Google document.

Kristine Dorrain - Amazon Registry Services:OK, good, that's what I was hoping for.

Susan Payne:sorry! yes of course

Kristine Dorrain - Amazon Registry Services:My mic isn't letting me "hear myself" I guess. :/

Kathy:Does anyone know if Kurt will be joining us today?

Julie Hedlund:@Kathy: I don't think we have apologies from Kurt.

Kristine Dorrain - Amazon Registry Services:No.

J. Scott:no ma'am

Mary Wong:Google Doc link:

J. Scott:Mary the link above is to a version dated 11/27/2017

Mary Wong:J Scott, staff is seeing it as a redline with a 19 January date

Mary Wong:It shows the last edits from Susan as dating from 21 January

Julie Hedlund:If you are in "view only" mode you won't see the

redline/edits.

Julie Hedlund:@Kathy: This is the latest version.

Julie Hedlund:It incorporates all the latest changes.

Kristine Dorrain - Amazon Registry Services:I think this is a good data-focused set of questions.

J. Scott:@Mary. That is not what I am seeing and I find that troubling.

Kathy:I think they're fine

Kathy:All of them...

Julie Hedlund:@J. Scott: If you log into your Google account you should see the changes/edits. In view only mode you will see the document with none of the edits.

Mary Wong:J Scott, you may be in View Only mode. You cannot see the redline that way.

Julie Hedlund:Google Doc:

Michelle DeSmyter:Welcome Kurt

Kathy:Ahh, excellent diagnosis!

Kathy:yes, I am logged in to Google...

Kristine Dorrain - Amazon Registry Services:And if you use your Work Email for ICANN calls and you have a different GMAIL address, then you apparently need to request access.

Kristine Dorrain - Amazon Registry Services:I still haven't been granted yet.

Kristine Dorrain - Amazon Registry Services:The request for access email is going to Ariel.

Kristine Dorrain - Amazon Registry Services:i've tried both gmail and amazon email addresses.

Julie Hedlund:@Kristine: With apologies, but Ariel is unable to access email at this moment.

Kristine Dorrain - Amazon Registry Services:Thanks. I guess my point is like J Scott's. I

Kristine Dorrain - Amazon Registry Services:Thanks. I guess my point is like J Scott's. I've never had to ask before either.

Kristine Dorrain - Amazon Registry Services:and I haven't recently cleared my cookies.

Julie Hedlund:@Kristine: It is possible that the document is still locked for editing. Mary and I are investigating.

Julie Hedlund:@All: It appears the document is locked for editing.

Kristine Dorrain - Amazon Registry Services:Excellent

sleuthing.

J. Scott:@Julie. Thanks for the additional information.

Mary Wong:Apologies it took a while - my laptop crashed and I couldn't get back on for a while, so it took a bit of time to go behind the Google Doc to figure out why you are all not seeing the edits.

Kathy: Interact with things like what?

Kathy:Background really interesting, Kristine.

Kristine Dorrain - Amazon Registry Services:One variation for your consideration: What aspects of the Claims RPMs conflicted with your domain names sales/operations?

Kathy:Kristine's clarification and operational focus made sense to me.

J. Scott:@Kristine and Susan. Thank you for that clarification.

Kristine Dorrain - Amazon Registry Services:Apologies if I sound like I'm shouting by the way. I can't hear myself and I feel shouty. :)

Kathy:@Kristine. It is a little fuzzy. Volume fine, but I am having trouble hearing all of your words... especially at end of sentences.

Kathy:Can hear you fine!

Kristine Dorrain - Amazon Registry Services:Hmmm...my headset troubles are just the sort of first world problem that makes my head spin. Grrr

Kathy::--(

Kristine Dorrain - Amazon Registry Services:I think it's fine.

J. Scott:no problems here.

Kathy:I think it would be "and/or your resellers" because both may be selling DNSs....

J. Scott:If you don't include resellers, they might identify resellers as a barrier.

Kristine Dorrain - Amazon Registry Services:Agree J Scott.

Kathy:tx!

Julie Hedlund:@Kristine: We can't hear you.

Kristine Dorrain - Amazon Registry Services:I'll type.

J. Scott:@Kristine. You are unintelligible on my end

Kristine Dorrain - Amazon Registry Services:Stupid

J. Scott:better, but not great.

J. Scott:I have a hard stop right at 10 AM PST.

J. Scott:It got just got worse and worse

Kristine Dorrain - Amazon Registry Services:Would it be useful to gather data about the location of the Registrar?

Michelle DeSmyter 2:Kristine, please let me know if you would like a dialout

Kristine Dorrain - Amazon Registry Services:The language of the registration agreement might or might not correlate to the

location of the registrar.

Kristine Dorrain - Amazon Registry Services:May be useful???

J. Scott:I have to leave now. Thanks Susan for leading today's call

Kristine Dorrain - Amazon Registry Services:Apologies for my bad mic AGAIN

Kristine Dorrain - Amazon Registry Services:Yes, I agree. your data questions exactly capture the RPM.

Kristine Dorrain - Amazon Registry Services:But my question takes it a step further for comparison purposes.

Kathy:It's Friday1

Kathy:It's Friday!

Kristine Dorrain - Amazon Registry Services:Thanks for leading Susan!

Kathy:Enjoy the weekend. Good meeting.

Kristine Dorrain - Amazon Registry Services:Happy Weekend.

Kurt Pritz:Thanks, Susan - great

Mary Wong:We will make sure the Google Doc is unlocked as soon as Ariel gets out of her meetings.

Susan Payne:happy with that suggestion
