REQUEST INFORMATION

Title of Proposed Activity

Joint NCUC-EURALO Town Hall Event at ICANN
63 in Barcelona

Community Requestor Name

NCUC

Chair

Renata Aquino Ribeiro

ICANN Staff Community Liaison

Maryam Bakoshi

REQUEST DESCRIPTION

1. Activity: Please describe your proposed activity in detail

(This request is additional to the one submitted by EURALO and the description is the same. Only at the indicated paragraphs - Addition NCUC - NCUC adds more information on more collaboration ideas for this additional request).

EURALO and NCUC organised a Town Hall event at the ICANN Copenhagen meeting. The event consisted of an introduction to NCUC and At-Large during its first part. The second part consisted of an open topical discussion about several policy topics. The proposal is to repeat such an event for the ICANN 63 meeting in Barcelona.

It is understood that the NCUC will also file the same workshop request - so that any costs would be shared between At-Large and NCUC.

Addition NCUC - NCUC has discussed with EC contacting local Barcelona hackerspaces, Makerspaces and Fab labs. There is a vibrant community in Barcelona of these technology enthusiasts and would be a great volunteer collaboration to ICANN.

2. Type of Activity: e.g. Outreach - Education/training - Travel support - Research/Study - Meetings - Other

Education/Training

3. Proposed Timeline/Schedule: e.g. one time activity, recurring activity

One time activity that is unconflicted - with a potential need to have this activity take place at day -1. The length of the event is 3 to 4 hours (in the afternoon) split into two halves with a 20 minute networking break in the middle.
