

QUESTIONS RELATING TO DATA NEEDS – FOR THE URS PROVIDERS SUB TEAM

Prepared for the Review of All Rights Protection Mechanisms (RPMs) Working Group URS Documents Sub Team by ICANN staff (27 February 2018)

Topic - Filing a Complaint under the URS:

- Request statistics from URS Providers about pass/fail rates for administrative review of complaints filed

Topic – Notice of a URS Complaint:

- Seek input from URS Providers about the processes they have in place for sending notices, and for dealing with non-delivery issues - *further specific guidance to be developed by Documents Sub Team*

Topic – Response (including Duration and Response Fee):

- Obtain feedback from URS Providers regarding experiences in getting the disputed domain name(s) locked (in addition to review of cases where a Response was filed, and seeking feedback from registry operators about Provider communications regarding locking of domains)

Topic – Standard of Proof & Scope of Defenses:

- No specific suggestion for URS Providers (but cases where a Respondent prevailed to be reviewed)

Topic – Remedies:

- Obtain feedback from URS Providers regarding implementation of the suspension remedy (in addition to Practitioner views and review of additional literature, e.g. IRT, STI, INTA, CCT Review Team reports) - *further specific guidance to be developed by Documents Sub Team*

Topic - Appeal:

- No specific suggestion for URS Providers (but 14 cases that were appealed and those that went through de novo review to be reviewed)
