

15. Determinations and Publication

(a) The Provider shall publish the Determinations and the dates of implementation on a publicly accessible web site, subject to the considerations in Rule 15 (c) and (d) below. See URS Procedure Paragraphs 9.2 and 9.4. The portion of any Determination that a Complaint was brought in bad faith (see Rule 17) shall be published.

(c) A Final Determination that changes a Default Determination outcome for the same case, shall replace the Default Determination on the Provider's website, unless the Examiner determines both shall be made available and so states in its Final Determination.

(d) A Final Determination that upholds a Default Determination outcome for the same case may be published together on the Provider's website, or the Final Determination may replace the Default Determination, at the Examiner's discretion.

(e) The Examiner or Panel has the sole discretion to require the Appeal Determination to be published either instead of, or together with, the Default or Final Determination it has overruled or upheld.
