Michelle DeSmyter:No, if you do need a dial out, Lori, I can dial out to you.

Michelle DeSmyter:one moment...
Michael Karanicolas:Have they ever encountered challenges in understanding based on this?

Justine Chew:No
Ivett Paulovics - MFSD:Never
Lori Schulman:Where are we on the doc?
Ariel Liang:page 11

Lori Schulman:Re Sect 11? Has anyone ever raised the issue of no in person hearings?
Ariel Liang:Now we are on Section 12 on Default
Lori Schulman:I think URS is too fast for hearings..agree with Phil. But it is ever raised to any of the providers as an issue?
Ivett Paulovics - MFSD:Sorry, but I can not see anything on the screen.
Ariel Liang:Hm checking with Michelle on this...perhaps internet bandwidth issue?

Ivett Paulovics - MFSD:My Internet connection is not sufficient to open the page. I already tried that.

Phil Marano:It's based on nameservers, i.e. can't point it to a different web host

Ariel Liang:ah I'm sorry to hear that

Ariel Liang:@Ivett - I just emailed you the doc. Can you try whether you could open it?

Ivett Paulovics - MFSD:I can't open the link. Could you please send me the .pdf?

Michelle DeSmyter:Yes, I have just sent you a private chat

Justine Chew:After Default Determination, domain is suspended, so will not resolved and will be redirected to RO notice

Lori Schulman 2:Adobe has knocked me out a few times.

Justine Chew:13(b) How many Examiners' Determination without reasons provided?

Justine Chew:Can we ask Providers to provide us with a copy of their guidelines then?

Michael Karanicolas:I'd be interested to know how often 13(d) is invoked, and what factors have been considered in making that determination

Justine Chew:Oh I see.

Michael Karanicolas:D

Justine Chew:15. How many Final Determinations were given by the same Examiner who gave an earlier Default Determination?

Justine Chew:Sure re 17(a)

Justine Chew:you skipped over Section 16

Justine Chew:16(b) How many such incidents have been recorded by Providers?

Justine Chew:Yes, what Phil said.

Justine Chew:Yes, the 3 MoUs are identical

Justine Chew:@Phil, I raised a question during the last call which is linked to MOU Clause 2(b)(viii) -- How have Providers complied with the obligation to establish and maintain a process to monitor URS abuse?

Michael Karanicolas:Could we get some info about what, if any, conflicts have been found, and what remedial action has been taken?

Ivett Paulovics - MFSD:Will URS High Level Technical Requirements for Registries and Registrars be reviewed by this Subteam?

Justine Chew: It is part of our documents packet

Justine Chew:Thanks, Phil.

Michael Karanicolas:thanks all!

Ivett Paulovics - MFSD:Good night

Ariel Liang:Thanks everyone! Thanks for staying late Ivett!
