Rec #11: Common Interface: Agreements made in Brussels need to be reported in the subgroup report and redistributed for approval.

Rec #12-14 - **IDNs**: Updated version of the subgroup report reflecting the agreements in Brussels was shared today with the subgroup (see: http://mm.icann.org/pipermail/rds-whois2-idns/2018-May/000018.html)

Rec #15-16 Plan & Annual Reports:
Action item**:** Cathrin and Lili to coordinate on recommendations related to reports (also addressed under Strategic Priority).

Subgroup 2: Anything New: Only subgroup that has no draft report.
Action item: ICANN org to move forward and reflect agreements from Brussels face-to-face meeting #2 in the subgroup draft report shell.

Subgroup 3: Law Enforcement Needs: A subgroup call was held after the face-to-face meeting to discuss the law enforcement survey to which subgroup members provided input. ICANN org then provided a mock-up of the draft survey to the subgroup to inform discussions. The goal of this survey is to establish whether WHOIS implementation meets the needs of law enforcement as stipulated in the Bylaws. The review team discussed potential targeted groups for the survey.
Cathrin mentioned that it would be helpful to send out the survey before and after GDPR is implemented and compare the data. As such, this will have an impact on the content of the subgroup report (due 24 May 2018). The subgroup, however, will provide a detailed overview of the survey methodology and objectives in the report.
Action items:
- Cathrin to update the draft survey based on input received and to share with subgroup.
- ICANN org to investigate on transparency requirements pertaining to surveys, as subgroups would like the survey link not to appear on review team public lists.
- ICANN org to provide an example of survey output to the subgroup to inform methodology related discussions.

Subgroup 4 – Consumer Trust: Erika is reviewing information on resellers to determine how the subgroup can approach this topic.
Action item: Erika to review the face-to-face meeting #2 open action items and send input to the subgroup.

Subgroup 5 – Safeguarding Registrant Data:
Action item: Subgroup members to send a quick status update to the review team
