07:28:53 From Chris Disspain : Hello all

07:29:02 From Jean-Baptiste Deroulez : Hello Chris

07:32:47 From Lisa Phifer : Hi Cathrin, all

07:33:06 From Lisa Phifer : Not yet Chris

07:33:10 From Chris Disspain : Cool

07:33:15 From Chris Disspain : Thought I'd gone deafg

07:33:16 From Brenda Brewer : We are doing hellos

07:33:19 From Chris Disspain : Deaf

07:34:57 From Chris Disspain : still can't hear anything

07:35:13 From Chris Disspain : will dial back in

07:35:34 From Carlton Samuels : Good morning Jean-Baptiste. Cannot hear a thing

07:36:29 From erikamann : Hi Chris!

07:36:44 From Jean-Baptiste Deroulez : you might want to try login in once more

07:37:18 From Carlton Samuels : It says I'm seeing Jean-Baptiste's screen and t can see a moving pointer too

07:39:37 From Lisa Phifer : To show participants or chat, hover over the bottom of the screen to open those windows

07:42:11 From erikamann : I just forgot to share with the whole group, can send report around now.

07:44:33 From Lisa Phifer : Carlton, when do you expect to send to full RT?

07:46:07 From Lisa Phifer : That duplication occured in your draft Alan because you listed documents in the questions you planned to answer

07:48:40 From Carlton Samuels : Hi Lisa, I will wait until end of day and if no further additions from the team, will ask Jean-Baptise to release it to the entire RT at his close of day.

07:49:28 From Carlton Samuels : I agree Alan. It was a useful exercise and I expect the substantive discussion will help us make the adjustments.

07:49:52 From stephanieperrin : I had very similar experiences when filling our form...had to go back to original docs to respond, our notes from calls were not enough to answer questions.

07:54:18 From Lisa Phifer : Re: Rec 10, the draft was shared with the sugroup, including Volker's inputs

07:56:25 From Lisa Phifer : Re: Rec 11, the first draft does not contain any findings - the subgroup/Volker will need to provide findings

07:59:22 From Lisa Phifer : All, note that the template contains a list of Styles - to apply formatting, choose a Style (left para, bold, italic, bullet list, etc)

08:00:44 From Carlton Samuels : You can always unlock it Steph! I did

08:02:20 From Lisa Phifer : Thanks for repeating, I missed that!

08:03:58 From Carlton Samuels : Alan, do we have representative at Accreditation Model Draft Webinar by the IPC and BC folks?

08:04:35 From Carlton Samuels : Sorry, this was supposed to go to Alan alone. My bad

08:04:43 From stephanieperrin : I was supposed to cover that call, it would be nice if they would not schedule it to conflict with our meeting

08:05:32 From Lisa Phifer : Thomas has indicated he is unavailable right now for RT efforts

08:05:46 From Lisa Phifer : Thank you Cathrin

08:05:54 From stephanieperrin : it is more difficult to multitask with this interface than adobe...

08:06:15 From stephanieperrin : is that a bug or a feature? :-)

08:07:41 From Lisa Phifer : Cathrin, would you find a draft for Topic 3 (LEA Needs) helpful as a starting point?

08:07:53 From Carlton Samuels : Lawd, now I have audio issues. Erika sounds as if she's in her cups! Speech rate is half her usual!

08:08:12 From Cathrin : can you read thoughts? I was just thinking that. yes please.

08:08:15 From Lisa Phifer : Erika's audio is clear but a bit loud for me

08:08:43 From Carlton Samuels : Terrible feedback too!

08:08:44 From Cathrin : that's yes please to Lisa and not to Erika being in her cups :-)

08:09:09 From Lisa Phifer : Cathrin, staff takes action to provide Topic 3 subgroup with first draft for you to flesh out on behalf of subgroup

08:09:37 From Cathrin : thank you

08:10:10 From stephanieperrin : hand up for me please

08:12:18 From Jean-Baptiste Deroulez : ok

08:12:51 From stephanieperrin : thanks, clicking the hand up top is supposed to work, but does not seem to work?

08:13:39 From Lisa Phifer : @Stephanie, hover over controls at bottom of your screen to click on Participants, then you can see participants, who is speaking and raise your hand there

08:14:01 From Lisa Phifer : If you are in full screen mode you must exit full screen mode to hover over those controls

08:14:12 From Lisa Phifer : (I think! I'm new to Zoom also...)

08:14:35 From Carlton Samuels : @Alan: You're right about the creep re the WHOIS/Consumer Trust tnamem. So you know, the CCT spend an extraordinary time tryiing to resist a direct connection. The BC/IPC/Reputation services interest all came back in the comments to the report drawing that strong causal connection.

08:16:07 From Cathrin : I have not yet read the subgroup report so this may already be covered but we have feedback from US FTC that they get a lot of complaints based on Whois info and that is a direct impact on consumer trust

08:16:44 From Carlton Samuels : Handup please

08:16:51 From Lisa Phifer : @Cathrin, could you provide a link to that US FTC feedback for the subgroup to read?

08:17:18 From Carlton Samuels : Yes Cathrin! That is one piece

08:17:34 From Cathrin : yes will do it was submitted as part of the task force exercise on Whois last summer.

08:20:41 From Lisa Phifer : Carlton, we do not hear you

08:20:55 From Cathrin : we've lost Carlton

08:21:08 From erikamann : He's in a parallel universe

08:22:09 From Cathrin : Audio via zoom is worse than via adobeconnect

08:22:58 From stephanieperrin : sorry, zoom crashed and I lost audio before Carlton was speaking...

08:23:30 From erikamann : Carlton was not speaking Stephanie

08:25:11 From Cathrin : excellent many thanks also for all your help provided already!

08:25:53 From Carlton Samuels : I'm back!

08:26:07 From Carlton Samuels : This half-witted thing is going haywire

08:26:16 From Lisa Phifer : Ahah - Stephanie, there are links to roadmaps on the Backgroup Materials page, but i believe those are covered under Rec 15/16 impl review

08:26:46 From Lisa Phifer : Lili, did you have a look at the roadmaps in your rec 15/16 subgroup?

08:27:53 From stephanieperrin : but the fact is they should not be using it to establish trust. They should be using national govt regulation of e-commerce sites, and their browsers.

08:27:59 From erikamann : Carlton - agree, similar connections to WHOIS and consumer trust I found as well

08:28:06 From Lili SUN : I don't remember I saw the roadmaps in the annual reports on WHOIS improvements.

08:28:29 From Lisa Phifer : There are some links on the backgroup materials page, towards the bottom - see <https://community.icann.org/display/WHO/Background+Materials>

08:28:31 From stephanieperrin : Furthermore, as the accreditation work will show, there is inadequate vetting and accreditation of the rep services organizations

08:28:56 From Lisa Phifer : However, I see the link to the current roadmap is broken, I will find you the link to the latest roadmap after this call

08:28:59 From stephanieperrin : Building a web of trust on a shaky foundation, in my view

08:31:41 From Cathrin : yes greater accuracy might help in building a stronger web!

08:31:42 From Carlton Samuels : +1 to Alan re Compliance

08:32:01 From Cathrin : I agree on more time for compliance

08:32:34 From stephanieperrin : achieving greater accuracy in WHOIS may result in more ID theft. No requirement to steal an ID now....

08:33:22 From Cathrin : we should perhaps keep timing flexible on the agenda in general and just treat these as targets

08:33:45 From Cathrin : @stephanie indeed but Whois is essential in fighting ID theft as well!

08:33:48 From stephanieperrin : agree, hard to predict timing

08:33:55 From Lisa Phifer : Lili, the link to the last roadmap:
https://community.icann.org/download/attachments/63145823/Whois%20Activities%20Slides_Jun2017_final.pdf

08:34:37 From Lisa Phifer : Note that we have several hours allocated in separate sessions for overall discussion on implementation and on Topics 2-5

08:36:24 From Lisa Phifer : On day 2, there are 2.5 hours for implementation overall

08:36:58 From Lisa Phifer : On day 3, there's a similar amount of time allocated to topics 2-5 overall

08:37:50 From Carlton Samuels : I@Cathrin: I agree. I also have a personal goal t h

08:38:17 From Carlton Samuels : ...to be in the meeting when Compliance and P/P are discussed

08:42:10 From stephanieperrin : I get on a plane tomorrow, have another meeting Mon-Tues

08:43:04 From stephanieperrin : agree with erika

08:45:28 From Lisa Phifer : :-)

08:45:36 From Cathrin : :-)

08:46:03 From stephanieperrin : Who represents the IPC on this group? could they please ask Winterfeldt not to schedule his GDPR model meetings on top of our RT meetingÉ

08:46:22 From Brenda Brewer : Your input is important. Please see survey for using the Zoom web tool. <https://www.surveymonkey.com/r/NM82XJS>

08:46:27 From Cathrin : I'm not sure the IPC is represented, is it?

08:46:55 From Lisa Phifer : We'll wrap up this call now, the accreditation call starts in 15m

08:47:21 From stephanieperrin : great thanks! I dont suppose you have a link do you?

08:49:34 From Lisa Phifer : @Stephanie, I believe you can email Ozan Sahin <ozan.sahin@icann.org> for call details

08:50:04 From stephanieperrin : thanks Lisa, will give that a try.
