

LACRALO

METRICS - ACTIVE PARTICIPATION

Participation and engagement criteria (indicators) are intended for:

- Meetings (virtual and face-to-face).
- Participation in working groups at all levels (LACRALO, ALAC, ICANN).
- Participation in mailing lists.
- Participation in local or regional events related to the topics included in the MOU signed with ICANN.

Until otherwise defined, LACRALO's Chair and Secretary shall be responsible for creating Participation Tables.

Any ALS member participation shall be valid for metrics. For metrics record, identification of participants with the ALS acronym next to his /her name and surname is suggested.

LACRALO shall use the following criteria and thresholds to measure ALS participation within our region and in At-Large activities.

1) "Active participation" of an ALS or its representatives shall mean participation in at least 50% (fifty per cent) of monthly (conference call) meetings, participation in one webinar, and having at least one of its members in a LACRALO, ALAC, ICANN or cross-community working group, within the last calendar year being considered. Attendance shall mean attendance to all the above instances. Participation in local or regional events is not mandatory, nor supplementary to the above-mentioned attendance requirements.

The Chair and Secretary shall be responsible for keeping regular contact with non-participating ALSes, and said contact shall be duly documented. This is to maintain the inclusive criterion, in order to avoid de-certifications and to increase participation.

2) No ALS shall be able to apply for funding for a representative to attend face-to-face meetings held, sponsored and funded by ICANN, unless it meets active participation requirements for the last 12 months prior to the date of the event. Same criteria shall be adopted for those ALSes applying for the CROP program.
