

LACRALO
METRICS

ACTIVE PARTICIPATION

Participation and engagement criteria (indicators) are intended for:

- Meetings (virtual and face-to-face).
- Participation in working groups at all levels (LACRALO, ALAC, ICANN).
- Participation in mailing lists.
- Participation in local or regional events with specific content related to the topics covered by the MOU signed with ICANN.

Until otherwise defined, LACRALO's Chair and Secretary shall be responsible for creating Participation Tables.

Any ALS member participation shall be valid for metrics.

For metrics record, identification of participants with the ALS acronym next to his /her name and surname is suggested.

LACRALO shall use the following criteria and thresholds to measure ALS participation within our region and in At-Large activities.

1) ALS active participation shall mean:

Participation in **at least** 50% (fifty percent) of monthly meetings (teleconferences),

2) Participation in **at least** one webinar

3) Having **at least** one ALS representative in one LACRALO; ALAC, ICANN or Cross-community working group

attendance shall mean attendance to all the above instances **within the last calendar year being considered**. Participation in local or regional events is not mandatory, nor supplementary to the above-mentioned attendance requirements.

The Chair and Secretary shall be responsible for keeping regular contact with non-participating ALSes and said contact shall be duly documented. This is to maintain the inclusive criterion, in order to avoid de-certifications and to increase participation.

An ALS shall not be able to apply (on behalf of LACRALO) for funding for a representative to attend face-to-face meetings held, sponsored and funded by ICANN, unless it meets active participation requirements for the last twelve months prior to the date of the event. ALSes failing to comply with active participation criteria shall neither be able to apply for the CROP program.
