Regulation relating to Security of .uk

26 May 2021
Cath Goulding, CISO
External regulatory demands

**Directly relevant**
1. Data Protection Act 2018 (GDPR)
2. The Network and Information Systems Regulations 2018 (EU NIS Directive)

**Need consideration**
3. The Computer Misuse Act 1990
4. Digital Economy Act 2010
Data Protection Act 2018 (GDPR)

- Data processes
- Responsibilities
- Training for all employees

- Minimal impact on security as ISO27001 and Data Retention policy in place
The Network and Information Systems Regulations 2018 (EU NIS Directive)

Objectives of the Regulation

1. National Cyber Security Strategy
2. National CERT
3. Identify Operators of Essential Services (OES) to:
   a) ensure they’re secure and
   b) report serious incidents
Impact of NIS

Current: Assessments, meetings, financial charge. (~7 days & $00k per year)

Strongly encouraged: Red team event (~2 months & $000k)

Future: More granular compliance requirements highly likely. E.g. Secure architecture, Supplier management, Cryptography settings
