What is the ccNSO?

ICANN Bylaws, Article 10:

ICANN Policy Development body, which shall be responsible for:
- Developing and recommending to the Board global policies relating to country-code top-level domains;
- Nurturing consensus across the ccNSO community, including the name-related activities of ccTLDs;
- Coordinating with other ICANN Supporting Organizations, committees, and constituencies under ICANN.

The ccNSO may also engage in other activities authorized by its members.
