

Proposed Reconvened WG Timeline:

07 June	Next meeting of the Reconvened WG (possible start of consensus call)
14 June	Reconvened WG meeting if required
18 June	Start of Public Comment Period
23-28 June	ICANN62
18 July	Close of Comment Period (30 days per Council resolution)**
19 July	Reconvened WG meeting to review comments and prepare Final Report
26 July	Reconvened WG meeting to review comments and prepare Final Report
28 July	Close of Comment Period (40 days per standard)
02 August	Reconvened WG meeting to review comments and prepare Final Report
06 August	GNSO Council's Documents and Motion deadline / Send Final Report
16 August	GNSO Council meeting

** Note that the Council resolution that kicked off this effort mentions a (30) day public comment period. However, the standard is (40) days. With ICANN62 occurring we will be challenged by hosting a (30) day period given ICANN meeting and travel and US holiday. In the past, shorter comment periods during meetings has been met with resistance. Conducting a (40) day period only leaves the WG with one standard scheduled meeting before the Council's Motion and Documents deadline.

The WG will need to make a decision as to how long the forum should last and depending on the decision, the WG may have to adjust its meeting schedule (perhaps meet twice in one week) to fully review comments and prepare the final report by 06 August.
