Julie Hedlund:Hello Susan and welcome

Susan Payne:just dialling n

Greg Rafert:Dialing in now.

Greg Rafert:Apologies for being slightly late.

Susan Payne:hi lori

Kristine Dorrain:I'm sorry I was late...another meeting ran over.

Susan Payne:thank you kristine

Kristine Dorrain:I was also going to take a look.

Kristine Dorrain:Yep.

Greg Rafert:Just lost the phone line. will dial back in.

Lori:yes, I lost phone and laptop.

Lori:very challenging today

Lori:can only type in chat

Greg Rafert:back on

Julie Bisland:@Lori: operator is programming your number and will dial out momentarily

Lori:I am on phone line and have registrar survey up locally...finally up to speed. sorry for the delay in engaging.

Susan Payne:except there are some other Qs on pre-ordering. this is in the section above that. mid-page 11

Kristine Dorrain:Yes, but this section is badly ordered.
Kristine Dorrain:There are claims quesitons scattered through this whole doc.,
Kristine Dorrain:Is it possible re-unlock the doc in Adobe?
Ariel Liang:unsynced
Kristine Dorrain:Tx
Ariel Liang:np
Susan Payne:so sorry, my phone has cut off
Susan Payne:I'm back
Lori:Is the issue, "what is the most beneficial point? or lease beneficial point?
Kristine Dorrain:I don't think we can get to "beneficial" because different models will answer differently.
Kristine Dorrain:I think you might be right, Susan.
Kristine Dorrain:We aren't asking any abandonment questions.
Lori:That could be the disconnect.
Lori:there is a skip in logic
Kristine Dorrain:Yes....the question is there without context.
Kristine Dorrain:Defer to Barry
Kristine Dorrain:I'll go after him
Susan Payne:@Berry, that scenario is i think what we were trying to query
Julie Hedlund:I am back and thanks so much everyone for self-managing!
Berry Cobb:TMCH Functional Spec is what I was referring to.
Kristine Dorrain:One suggestion for AG: If we you think we aren't going to get abandonment data, could we ask people yes/no if they have/can/want to provide it (to keep the survey short for people who won't share this info or don't have it)
Lori:Support idea of options.
Lori:It ID's those who are motivated and interested in contributing without turning others off.
Kristine Dorrain:Not me!
Kristine Dorrain:Thanks Julie.
Susan Payne:yay - 10 mins back :)
Lori:I cherish every minute.
Philip Corwin:Thanks to all for completing this arduous task!
Lori:bye
