Julie Bisland:Welcome to the discussion call on IGO/INGO 3.7 appeal on Monday, 2 July 2018 at 15:00 UTC

George Kirikos:Hi folks.

Mary Wong:I'm on Eastern time at this point

Mary Wong:Petter and George, do you have any additional documents or information that you shared in agreeing to this call that we (staff) do not have, and that you wish to include for the record?

George Kirikos:No, just oral.

Mary Wong:OK thanks - then we will just upload the actual appeal email.

Mary Wong:@George, yes, agreed; recommendations text (except for a slight tweak to Rec 4 per Zak) and consensus levels are agreed and should not change.

Mary Wong:We will try for Thursday at the usual time.

Mary Wong:We need Secretariat support for the call; it's not me :)

Mary Wong:We will check - please carry on with this call.

Mary Wong>Note that there is no mandatory rule for how to conduct a consensus call (versus who designates the levels and what they are) - the Guidelines provide flexibility to allow for different WG circumstances.

George Kirikos:Bye folks!
