Jean-Baptiste Deroulez: (10:02) having issues to connect audio, will be right back

Stephanie Perrin: (10:03) Adobe seems to be acting up today,..

Alice Jansen: (10:04) Please get started - don't wait for us

Alice Jansen: (10:04) we are having technical issues to join

Lili SUN: (10:04) Yes, I tried severa; times, and finally IE worked.

Cathrin Bauer-Bulst: (10:04) I also had issues

Cathrin Bauer-Bulst: (10:05) dial-in worked

Cathrin Bauer-Bulst: (10:05) but dial-out has been failing me for about 10 days

Lisa Phifer: (10:06) You should all be able to scroll through the survey now being displayed

Alan Greenberg: (10:06) In questionnaire, several questions ask about #s or %, and the first entry should be < instead of >

Lisa Phifer: (10:07) Noted Alan thanks

Stephanie Perrin: (10:07) oh no, lost sound

Stephanie Perrin: (10:07) do i need to redial or is it everyone?

Alan Greenberg: (10:08) I am on bridge and working fine.

Stephanie Perrin: (10:08) same thing happened on the last call

Brenda Brewer: (10:08) Cathrin is speaking

Stephanie Perrin: (10:08) this is adobe not bridge/ Will reconnect

Alan Greenberg: (10:08) Adobe should ask you for a phone # when it starts.

Lisa Phifer: (10:10) @Lili or Cathrin, have you identified questions to be added or updated?

Stephanie Perrin: (10:14) I would suggest that it be read for bias. Eg. the mere fact that WHOIS has been used in the past does not mean that they will be negatively impacted.

Lili SUN: (10:18) good idea Alan!

Stephanie Perrin: (10:22) Wonderful, and yes thanks I can hear. I just downloaded, will see if I can find a volunteer academic expert on survey to see if they could give it a quick read. We used to have Stefania Milan on council, she was great....but I think there may be still someone around.

Stephanie Perrin: (10:23) Is Domain tools updating from zone files or other different methods, by any chance, or it is frozen in time?

Cathrin Bauer-Bulst: (10:24) I understand it's frozen in time

Stephanie Perrin: (10:26) I dont see the point of asking them for comments if they do not use it.

Lili SUN: (10:26) Agree with Stephanie, this was discussed when we drafted the survey.

Stephanie Perrin: (10:27) true but you may be collecting a lot of garbage that is going to skew your survey results...

Stephanie Perrin: (10:27) (that was in response to the suggestion that past use would be interesting.....)

Stephanie Perrin: (10:27) that would be kind of a tributary to the main survey then?

Stephanie Perrin: (10:28) Sorry I will have to run to the other call in two minutes....

Cathrin Bauer-Bulst: (10:28) no worries, thanks for joining

Stephanie Perrin: (10:28) Thanks and I will give the survey another look/

Stephanie Perrin: (10:29) Bye all!

Lisa Phifer: (10:29) You could preface question 3 with an explanation that the next few questions ask about your use of WHOIS prior to May 2018.

Alice Jansen: (10:41) We will make the edits!

Lili SUN: (10:45) Thank you all
