

Dear all,

To introduce myself, I am **Alan** Woods, one of the Registry Stakeholder Group EPDP representatives. I hold a compliance and policy position within Donuts Inc. and as a qualified barrister (lawyer/advocate) from Ireland, I do hope to be able to provide an Irish and thus a Eurocentric perspective to the EPDP deliberations. As a member of the Donuts compliance team, I do hope to be able to contribute a practical knowledge of the daily exigencies of the ICANN contracts. I also hold the responsibility for providing guidance, implementation, and maintenance of the various Data Protection legislative requirements generally within Donuts Inc., something which shall also hopefully be of benefit to the wider EPDP work.

I was/continue to be a member of the RDS PDP. I also co-chaired the Working Group for the *Framework for the Registry Operator to Respond to Security Threats* to its successful conclusion.

I look forward to working with you all on this mammoth task!

Kind regards,

Alan Woods
