[The Non-Commercial Stakeholder Group is] the only place within the ICANN ecosystem that is specifically reserved for the advancement of non-state and non-market interests. We represent more than 700 non-profit organisations and individuals who wish to advance non-commercial policy objectives at ICANN, including respect for human rights, freedom of expression, and access to knowledge. Our members include academics, civil liberties groups, religious organisations, free software groups, and ICT for development organizations.
