

**OFFICIAL**

Good Afternoon, Please find my bio as requested:

I am Chris Lewis-Evans, participating as a representative of the GAC where I am also an active member of the PSWG. Outside of this I manage a number of teams within the National Crime Agency in the UK. These teams deal with investigating criminal (mis)use of internet and its systems, identifying and protecting victims of cybercrime and the effect of internet governance on the ability to pursue criminals and protect the public.

Many Thanks  
Chris Lewis-Evans
