Yvette Guigneaux: (13:23) Hi Mr. Matogoro - i'm speaking with tech right now for some solutions for you - dailing you into the bridge is likely the best solution

Denise: (13:27) re NDA that was my recollection as well

Eric Osterweil: (13:36) Great points Steve, thanks!

Eric Osterweil: (13:37) +1 to Geoff's comments

Norm Ritchie: (13:37) +2

Norm Ritchie: (13:38) iirc the bylaws do indeed require a NDA

Denise: (13:38) We have 20 minutes left on our call

Norm Ritchie: (13:38) the bylaws may be flawed

Denise: (13:38) Would it be possible to cont. NDA discussion on email list and move on?

Norm Ritchie: (13:39) +1

Eric Osterweil: (13:39) +2

Laurin 2: (13:39) +1 I have not even seen the document / wording so I cannot comment. I assume other "newbies" haven't either,.

Eric Osterweil: (13:39) Have we addressed whatever concerns any of the team members had, wrt bringing this back up?

Laurin 2: (13:41) If via email, please attach the document.

Steve Conte: (13:42) I heard asked that I summarize the spirit of the conversations that took place at the F2F in LA last year and how we landed at ICANN org staff being able to provide information to the RT that (I believe) satisfied the spirit of the questions

Alain AINA: (13:47) i am definitely out. Not hearing anything

Norm Ritchie: (13:47) +1 denise. we need to ratify the scope

Eric Osterweil: (13:47) Alain, it seems like people were successful after having Adobe dial them back

Yvette Guigneaux: (13:48) Alain - do you want us to try dialing you in? it is the best solution to gain audio for you

Alain AINA: (13:48) yes

Yvette Guigneaux: (13:49) ok Alain, will do

Eric Osterweil: (13:49) yes

Yvette Guigneaux: (13:51) Sorry for the announcement - its just an international operator to get things connected

Denise: (13:56) I'm in transit and dropping off Adobe chat but will try to remain on audio

Yvette Guigneaux: (13:57) copy that Denise

Norm Ritchie: (13:59) Muzak!!

Eric Osterweil: (13:59) you got your wish, Norm. :)

Norm Ritchie: (14:00) lol

Laurin 2: (14:00) Yes, we need to define what is done how, maximising efficiency...

Norm Ritchie: (14:01) fwiw, dial-out worked well for adobe connect

Eric Osterweil: (14:01) +1 Norm

Eric Osterweil: (14:02) Thanks for all of the great help Yvette!!

Naveed: (14:02) I want RT to consider changing this time as it does not suit me. I am not sure how we made a consensus on this time of meeting. It is 2.02 AM for me and it is hard to remain up and efficient at this time

Brenda Brewer: (14:02) Hello all!

Laurin 2: (14:03) Thanks for that!

Naveed: (14:04) I want RT to consider changing this time as it does not suit me. I am not sure how we made a consensus on this time of meeting. It is 2.02 AM for me and it is hard to remain up and efficient at this time
