Yvette Guigneaux: (07:14) Hi Mr. Matogoro - remote participation for Barcelona correct?

Matogoro: (07:14) Yes

Laurin 2: (07:15) Not hearing Denise.

Denise: (07:15) my audio is muted. would staff pls call my phone

Yvette Guigneaux: (07:16) will do

Denise: (07:16) I think we should discuss Rec1 but before we draft a response, I think we need answers to the Rec 1-related questions

Yvette Guigneaux: (07:16) calling you now Denise

Ram Krishna: (07:17) +1 denise

Eric Osterweil: (07:17) +1

Denise: (07:17) Yvette - I started audio via laptop so I'm good

Naveed: (07:18) Question: Are we also seeking the ICANN's perspective on the intended effect of the implementation?

Yvette Guigneaux: (07:18) oh ok - got it

Denise: (07:18) old hand sorry

Matogoro: (07:25) I also propose us to review the definition for SSR as given in the framework

Naveed: (07:31) Sure

Matogoro: (07:32) Security - the capacity to protect and prevent misuse of Internet unique identifiers. Stability - the capacity to ensure that the system operates as expected, and that users of the unique identifiers have confidence that the system operates as expected. Resiliency - the capacity of the unique identifier system to effectively withstand/tolerate/survive malicious attacks and other disruptive events without disruption or cessation of service.

Matogoro: (07:32) so my concern is on these definitions and their implementation

Naveed: (07:40) In my opinion, the team can only provide their opinion on the current definitions of the terms and not suggesting new ones or the changes

Matogoro: (07:41) I agree and we can move forward as I am digesting it

Yvette Guigneaux: (07:41) Hand up - Naveed

Matogoro: (07:47) Yes

Matogoro: (07:51) May be staff or any RT can highlight, what is this capacity referring to

Denise: (07:55) +1 Eric

Ram Krishna: (07:55) +1

Eric Osterweil: (07:58) But it is an ongoing issue, so something has to enforce this going forward too

Eric Osterweil: (07:59) Sorry all, I need to drop for another meeting.

Ram Krishna: (08:00) Thank you

Ram Krishna: (08:00) bye

Matogoro: (08:00) bye

Zarko: (08:00) bye
