ICANN

2019 Leadership Program

Nominations are now being accepted for the **2019 Leadership Program (LP),** to take place 7-8 March, 2019, two days prior to ICANN64 in Kobe.

Visit: **https://community.icann.org/display/LTP/Leadership+Program** for details about the program.

For additional questions, please contact Sandra Hoferichter at info@hoferichter.eu or the PRS team at PRS@icann.org.

2018 LP Participants

2019 Leadership Program

The Leadership Program is designed for current <u>and</u> incoming community leaders, helping to increase understanding of the complexity of ICANN and to develop facilitation skills, as well as building a network with other leaders. This program is a community effort developed by the ICANN Academy Working Group.

Opportunities for Leadership Program participants include the following:

2018 LP Participants

- Meet leaders from the other SOs/ACs and get an insight of the functionality and issues in other groups
- Discuss current ICANN topics in depth
- Deepen the understanding of key ICANN processes
- Develop facilitation and leadership skills, focused personal effectiveness to run meetings and foster processes
