Gangadhar Panday: With my understanding, it seems OK

Gangadhar Panday: Yes..... I need to make a plan for outreach....

Raoul Plommer: For Puerto Rico? Who else is helping you? (I won't have many hours for that unfortunately)

Raoul Plommer: But in Abu Dhabi, we realised that we can't rely on one person/outreah event. We need couple of people or more for each outreach event. If something happens to the other, the other can still continue with the plan.

Raoul Plommer: There we had 60 fellows for who it was a mandatory session

Raoul Plommer: and me and Joan hadn't prepared for it

Raoul Plommer: :D

---------------- (11/15/2017 15:57) ----------------
Raoul Plommer: The main role should be for Ganga, but he definitely needs an active helper, who can take over if necessary

Gangadhar Panday: I volunteer to coordinate with the volunteers, if it is ok for you all

Gangadhar Panday: Oh... Raoul is saying right...

Raoul Plommer: for sure, just try to engage our members for contacting local people in Puerto Rico and others who might be coming to ICANN61

Maryam Bakoshi: yes we can hear you Sam
---------------- (11/15/2017 16:00) ----------------
Sam Lanfranco (npoc/csih): Thank you Joan
---------------- (11/15/2017 16:01) ----------------
Sam Lanfranco (npoc/csih): yes

Gangadhar Panday: OK for me

Raoul Plommer: Let's make a card on outreach in Trello and start commenting on it with possible contacts

Joan Kerr: Bye

Raoul Plommer: bye bye
