Zarko: (09:19) correct, what is the purpose of such text

Laurin: (09:20) Give understanding to readers what we did and why, essentially.

Matogoro: (09:20) Regarding the methodology, I have two observation

Negar Farzinnia: (09:20) Meeting in March (ICANN64 — Kobe):RT meeting on the 8-9 March 2019 (RT to arrive on 7 March)Outreach session during the meeting weekWrap-up meeting on the last day of the meeting on 14 March

Laurin: (09:20) We can hear you!

Denise: (09:24) You'r voice is faint Laurin

Matogoro: (09:24) 1. Extend our methodology to interview stakeholders affected with the implementation of SSR1 Recommendation during our outreach session

Matogoro: (09:25) 2. We specifically point out documentations that RT went through and output

Laurin: (09:28) Something like this: All documents used by the SSR2 team and answered questions by ICANN Org staff are listed per recommendation.
