What is the At-Large Summit?

The ICANN At-Large Advisory Committee (ALAC) along with the At-Large community will hold a third At-Large Summit (ATLAS III) at ICANN66 Montréal, Canada in November 2019.

ATLAS III will be an assembly of the future leaders of At-Large, focused on developing and nurturing their abilities to become thought leaders and change agents who will effectively implement what has resulted from the At-Large Review Process.

ATLAS III dates: Monday 04 to Thursday 07 November 2019

ATLAS III Travelers: Sixty At-Large members will be invited to participate in ATLASIII in addition to the regular At-Large leadership.

ATLAS III APPLICATION

Application forms are now available. Click onto the link in the above box to access the form.

The application is divided into two parts. The first part is critical – it assesses whether you belong to At-Large; you have completed a series of compulsory courses about ICANN and what it does; and you are already an active member within At-Large or in another section of ICANN, on behalf of At-Large. You will only qualify to move onto the second part of the application, if you complete these first questions appropriately. [Click here to read more.](#)

For your information

Here are the details of the full application form questions so that you can view what is expected in order to first of all qualify for proceeding through the process and secondly to complete how you can demonstrate the criteria for policy leadership.
