Cheryl Langdon-Orr (@CLO3): (21:28) That is not important for ATLAS III outcomes however but of General interest
Alfredo Calderon: (21:30) And the At-Large Review Webinar...
Cheryl Langdon-Orr (@CLO3): (21:30) ATLAS III is NOT for basic traingin one has to come into it already with foundation information and skill sets.

Judith Hellerstein-NARALO: (21:39) I can help facilitate a session

Cheryl Langdon-Orr (@CLO3): (21:41) all of these Session topics link to known experts as well I note

Sarah Kiden: (21:53) +1

Cheryl Langdon-Orr (@CLO3): (21:53) language 'support' is important but we need to remember where and why it is most useful

Heidi Ullrich: (21:54) Could one of the sessions develop steps on how the actions at ATLAS III will be sustained post Summit?

Alfredo Calderon: (21:54) WE might fall into the tramps of having larger groups in some sessions due to language.

Heidi Ullrich: (21:54) So there are teams and plans established on ensuring all the actions are implemented and maintained?

Heidi Ullrich: (21:54) Perhaps with milestones built in...

Cheryl Langdon-Orr (@CLO3): (21:54) I am happy to look at these Soft Skills and themes help here breakout session s can play with examples to be more practical Yes OCL

Heidi Ullrich: (21:58) Description of the ABR for ATLAS: Our goal is to increase the skill set of At-Large members in the ICANN policy and policy advice comment process. This would facilitate their ability to draft effective, well-crafted policy advice statement for both ALAC contributions to the ICANN Public Comment process as well as increase the individual contributions to ICANN Public Comments. We are requesting a course consisting of a series of sessions, including a combination of a face-to-face (f2f) workshop and online modules, led by key subject matter experts within At-Large with approximately 25-35 participants with up to 4 At-Large subject matter experts. The course would require the design and creation of an online, using ICANN LEARN, and f2f At-Large Policy Advice Development Course/Workshop, designed to develop skills within the At-Large community to prepare policy advice comments, provide constructive and critical feedback on policy issues and learn more about the policy shepherding process at ICANN. The online cou

Vanda Scartezini: (21:58) Heidi, I could only heard half of your comments if you do not mind can you repeat

Heidi Ullrich: (21:58) Sure, Vanda. Not sure what that beeping was.

Judith Hellerstein-NARALO: (21:59) We are going to have each of these sessions assigned to a note taker

Judith Hellerstein-NARALO: (21:59) and have this collaborative notes for each session

Alfredo Calderon: (22:00) Yes @Cheryl. Reflexion of alumni after the Summit, number of alumni stepping up to lead/chair WG in a specific time period.

Vanda Scartezini: (22:00) yeah Alfredo...

Vanda Scartezini: (22:01) good Judith

Alfredo Calderon: (22:01) Expected increase in volunteers in Advice Policy Development Process, and CPWG.

Cheryl Langdon-Orr (@CLO3): (22:02) Yes @Heidi that seems complementary with the writing skills work

Vanda Scartezini: (22:03) thank you Heidi.

Vanda Scartezini: (22:03) captioning will be great I beleive

Cheryl Langdon-Orr (@CLO3): (22:03) Captioning is also a considerble cost

Heidi Ullrich: (22:03) @All, the first plenary above is on Organizational Skills - so all the points re notetaking, follow up, etc could be set out there.

Heidi Ullrich: (22:03) as ground rules

Cheryl Langdon-Orr (@CLO3): (22:03) especially if in languages

Alfredo Calderon: (22:03) What we did in NASIG - Puerto Rico - https://urldefense.proofpoint.com/v2/url?u=http-3A__fliphtml5.com_gnel_benq&d=DwlFaQ&c=FmY1u3Pjp6wrcrwl3mSVzgfkbPSS6sJms7xcl4l5cM&r=mrDeztziKLa7gZqGADzxcnHA3QXmXYsnChWYBR4NEll&m=NZ8QNvxnW-1laf8hPB5gsa__Vr60lhGwCUWd4didtA&s=XJ8BnDnaFGzkeBGfhr_v4bQqzWaxsm94vzt5ZJnWsGM&e=

Heidi Ullrich: (22:03) Captioning is possible, but would be an additional expense. We could have them possibly if the ABR on RTT is approved.

Vanda Scartezini: (22:04) nadira if you can write me by email vanda@scartezini.org

Judith Hellerstein-NARALO: (22:04) Yes hope that could happen
